USL students, players on the chessboard, move forward, diagonally, and sometimes even retreat in their quest to win the game—that of acquiring a college education. It is a serious game with high stakes on which the future of each student depends.

For the winners—this year's graduates—the "L'Acadien" should bring back many memories of days spent at USL. For the others, it is hoped that this book will serve to remind them of a year of many moves—1967.

Flowers on campus signal Spring's arrival.

Martin Hall symbolizes Southwestern.

This is the Castle — the University of Southwestern Louisiana. The Castle, built on strength and stability, can move horizontally or vertically — always expanding to meet the rising enrollments. Consisting of more than 735 acres, the campus, academically, comprises six undergraduate, degree-granting colleges, the Graduate School, and University College.

To the north and northeast of Dupré Library are the academic quadrangle; the administrative facilities; the president's residence; the facilities for student services, music and dramatic arts, women's housing and dining, campus maintenance; and some of the recreational area. To the south and east are the technological quadrangle, the men's housing and dining facilities, and more of the recreational area.

Construction on Dupré Library nears completion.

Darkness falls on Angelle Hall, the music building.

Activities center on Hebrard Boulevard.

Pawns — all individual students, yet together form a student body of 9,073. The student, like the Pawn, has a number of interesting differences from other players. Students come to USL from all sections of Louisiana, numerous states, and many foreign countries.

Together and individually, the students boost school spirit, form the registration lines, attend classes and strive for an education and a better University. Finally, after many moves, the students, like the Pawns, reach a rank of elevation and can be promoted to a number of top positions.

Students line up to take I.D. pictures, a necessary part of registration.

Freshmen receive assistance in their studies from the tutoring program.

The home of the president serves as a place for formal and informal functions.

At Commencement exercises, 1966, officials witnessed the largest number of graduates in USL's history.

Freshman elections incite spirited competition.

Alpha Phi Omega members assist visitors with needed information during Homecoming Weekend.

Students eagerly participate in the first pep rally held during the fall semester.

Moves of the Knight are the hardest to describe because they are unpredictable. Knights may sponsor a service project, honor a distinguished leader, donate blood for the men in Viet Nam, or carry the USL colors to victory. No matter what the move, it is always of value to the University.

Excelling in feminine power, mysterious and vague, the Queen, or young woman, increases her powers on the chessboard or campus. The woman—dynamic, responsive and swift in her ways—quickly gains prominence in campus life.

She takes the lessons and memories of college days, stores them, and uses them throughout the rest of her life.

PERPLEXION

Beginning at USL is a time of uncertainty and derangement—a time of trial and triumph.

During this interim, we fill out class cards, search for advisers, substitute courses for those required and finally reconcile.

Resolutely, we test our patience and courage—which is pitted against that of our teachers, advisers, and deans. From this we learn an undying lesson of self-control.

Somehow people survive the inevitable problems of the constantly improving system of registration, but the strain of it is always captured in the I.D. picture.

Rushees register for a Theta Xi dance.

APPREHENSION

An overwhelming feeling of anticipation quickly overtakes and captures each rushee as he descends on campus, bag and baggage, anxiously awaiting to learn about and join a Greek organization.

Sorority rushees are whisked through a whirlwind week of fun-filled excitement and anticipation. For the fraternities, it is convocations, smokers, and informal parties.

A rushee registers at the Kappa Sigma house.

Tri Delta actives discuss their skit with prospective members.

Rushees add their names to the roster at the Phi Alpha dance.

Coeds are led along the yellow brick road to Kappa Delta.

EXPECTATION

Greek organizations have one purpose in "rushing"—to meet and become acquainted with prospective members who desire to become a part of their association.

During Rush, the initiated members gain the confidence of the rushees by answering their questions and counseling them in numerous inquiries concerning Rush and the Greek system.

It is during this interval that members become conscious of the common bond that unites them to the numerous individual chapters and to the national interfraternal organization, of which they are all a part.

Anticipation and apprehension mount as coeds enter sorority rooms for the first day of open house.

Stadium residents' teamwork produces a first-place.

By placing first for three consecutive years, Buchanan Hall, women's dormitory, acquires the trophy on a permanent basis.

Animation aids in securing a first-place fraternity decoration for Sigma Nu.

Queen Myra Gosnell and her court—Elaine Johnson, Mary K. Fenstermaker, Rachael Cheramie and Julie Melancon—add color and personality to USL's 1966 Homecoming festivities.

COLOR

Homecoming, filled with frantic activity, is a kaleidoscope of color. The campus green is, during this fall interval, transformed into concentrated pastels and equally intense hues of crimsons and whites.

The force, power, and might of color, evident at the University, is reinforced by the exhilaration and activation of the students.

Ideas are created and executed. Plans and presentation combine as a team to produce extravaganzas of papier-mâché and crepe paper.

Delta Delta Delta combines a strong theme and good presentation to capture a first-place sorority decoration.

Lt. Col. Robert L. Chason and President Clyde L. Rougeou pause to toast Myra Gosnell, 1966 Homecoming Queen.

Students gather for the annual bonfire in front of Caffery Hall.

Theta Xi's animated tugboat yields a second-place parade entry.

EXHIBITION

Sponsored by the ROTC, the Homecoming parade affords campus organizations a rare experience in a relaxed atmosphere.

Parade units regress from the rigid fete of the military to the slackened propriety of Greek and campus entries.

The spectacle and exposition, synonymous with the traditional concept of the parade, are not lost at Homecoming; rather it is intensified by many artistic and frequently animated entries.

Phi Alpha fraternity members and their dates fully enjoy the parade.

Band Club adds more liveliness to the Homecoming spirit.

"L'Acadien's" unique 75-foot dragon gains a third-place parade plaque for the staffroom.

PREPARATION

USL's Homecoming festivities culminate many weeks of extensive planning.

Students conceive and ultimately produce captivating exhibits. Administrators blend fore-thought and initiative in welcoming campus visitors. The university's alumni, whom we honor during this time, spend many hours in preparation for their return.

With foundations laid and perspective in mind—USL yields to another eventful Homecoming.

President Clyde L. Rougeou crowns Queen Myra Gosnell during pre-game ceremonies.

Coeds work industriously to complete their respective dormitory decorations.

Alumni Band performs their annual show during half-time activities at the Homecoming game.

MOVEMENT

Dancing is a type of physical, rhythmical action which comes while under the influences of a good band and an equally good date.

An act of performing and moving, an act so typical of the university student, dancing occupies many of his leisure hours.

This is the USL student as he is found on the dance floor—before an audience and in the spotlight.

Campus security is caustically impersonated at Kangaroo Kourt.

An accused freshman carries out his Kourt sentence.

PERFORMANCE

Performance is a mosaic of design and composition with treatment and perspective as intricate parts. Every vocal arrangement, theme and parody produced is a synthesis of these components.

Beginning with a mental sketch, the idea is made perceptible on the rehearsal stage or at the recording studio. It is then illustrated by quarter-beats, harmony, candid phrasing and original design.

The theme, once tangible, is deliberated and argued—the result is performance.

The tenor voice of Bill Medley accounts for much of the Righteous Brothers' prominence.

This costumed couple of the roaring twenties finds time to talk during the band's intermission at ASABAB.

Lipstick is applied to an acquitted coed as part of her penalty at Circle K's Kangaroo Kourt.

PRESENTATION

Rather than being haphazard, a unique vocal or dramatic presentation is the result of contemplative efforts on the part of its performers.

The concerto or popular tune is proposed to the audience for acceptance. The costume ball must also be treated in such a way as to convince the onlookers of its novelty.

The skilled performers must then present this composition. Only with a proportionate combination of timing and skill is the presentation effective.

Vocal talent and the electric organ are part of the Unique's popular sound.

April Stevens' haunting melodies captivate the audience and fulfill its expectations.

EXPOSITION

An ordinary student, once involved in dramatics, begins to appreciate the talent of the professional actor. The same student, while rehearsing for an audition, becomes aware of the qualities of the vocalist.

Realization of ability and initiative is a portion of the education required of a performance. Yet the prospective actor or vocalist becomes part of an exhibition only when he can combine his talent with the professional skill of the entertainer.

The student, during his university career, learns to identify the successful combination of spectacle and skill—a quality of exposition.

The domineering sound of the Uniques' lead guitarist will be remembered by the university students.

Vocal depth is supplied by the Uniques' two phenomenal electric guitarists.

Classical tradition is again restored at ASABAB.

Architects reveal an original polka dot creation at ASABAB.

Bob Hatfield signs one of many autographs.

EXPRESSION

Indicative of feeling or character, facial expression displays a person's individual reaction to a statement, belief or occurrence.

A student presents a dynamic expression which is as varied as his whim, as changeable as his sensations and as lurid as his impressions.

Individually he exhibits a certain personality which is coherent to himself—yet in a group he is only one of the many faces in a crowd.

Avid supporters cheer the team on to another winning season.

Cheerleaders lead the enthusiastic crowd at one of the weekly pep rallies in the stu or stadium.

SPIRIT

School spirit attained a new elevation as students exhibited their support for the "Battlin' Bulldogs." Wherever the team journeyed, the enthusiastic supporters followed.

Students gathered in throngs to witness the team in action. Frantic cries of "Give 'em Hell, USL" were followed only by louder shouts of "Go, Dogs, Go!"

ALLEGIANCE

People stop to take notice when a group of 65 Stadium students combine forces to "Back the Bulldogs." A combination of spirit, determination, and enthusiasm, have produced a campaign as never before witnessed on the USL campus.

Armed with red-and-white plungers, the corps participated in pep rallies, parades and an impromptu half-time football performance. By joining forces, the group exhibited a type of unity which brought the entire student body together in bringing school spirit to an all-time height.

Typical of Richard Dormitory, many new acquaintances are made during friendly conversations on the balcony.

Foreman Dormitory residences offer advice to a fellow student.

HABITAT

While seeking an education, the student finds his "home away from home." Students live in apartments, rooming houses and both on-campus and off-campus dormitories.

The student's room is where he spends most of his time—studying, sleeping, and relaxing. Relationships are formed here that last throughout the college career and later life. The student finds his place of living a place to which he can escape the tension of classes and routine responsibilities. Living with others contributes to the student's development in personal and social growth providing him with the opportunity to learn the give and take pattern of group living.

GROWTH

Construction sights are a constant reminder that when in the quest for knowledge, one cannot stand still. Classrooms provide the basic background for acquiring an education and for this reason the University strives to provide new and better facilities for its students.

Sounds of growth are prevalent throughout campus. The grinding of the construction equipment throwing up another building will become as much a part of your life as the towering frames of steel.

Construction is scheduled to begin this spring on these two new seven-story women's dormitories, to be built behind Hamilton Laboratory School.

ASSISTANCE

With the interest of the students in mind, the Student Employment Office gives the student a chance to work his way through school. Over 900 students are employed in some jobs which require no experience and others which require a background in a particular field. Efforts are made to put students into jobs which parallel their studies.

Whether desiring to work as a post office assistance or perhaps on the cafeteria line, a student can find a job suited for him on the USL campus.

Voters consider girls on the basis of beauty, personality, and achievement.

Ralph Perez checks ID cards before allowing students to vote.

The awaited announcement brings excitement and surprise.

ANTICIPATION

Early in the fall semester, students begin predicting who will be the new "Miss University." As interest in the contest sponsored by the yearbook staff mounts, nominations roll in from organizations on campus. Finally, the day of voting arrives and student body members cast their votes for a "Miss University" and ten finalists. Selections are made on the basis of beauty, personality, and achievement.

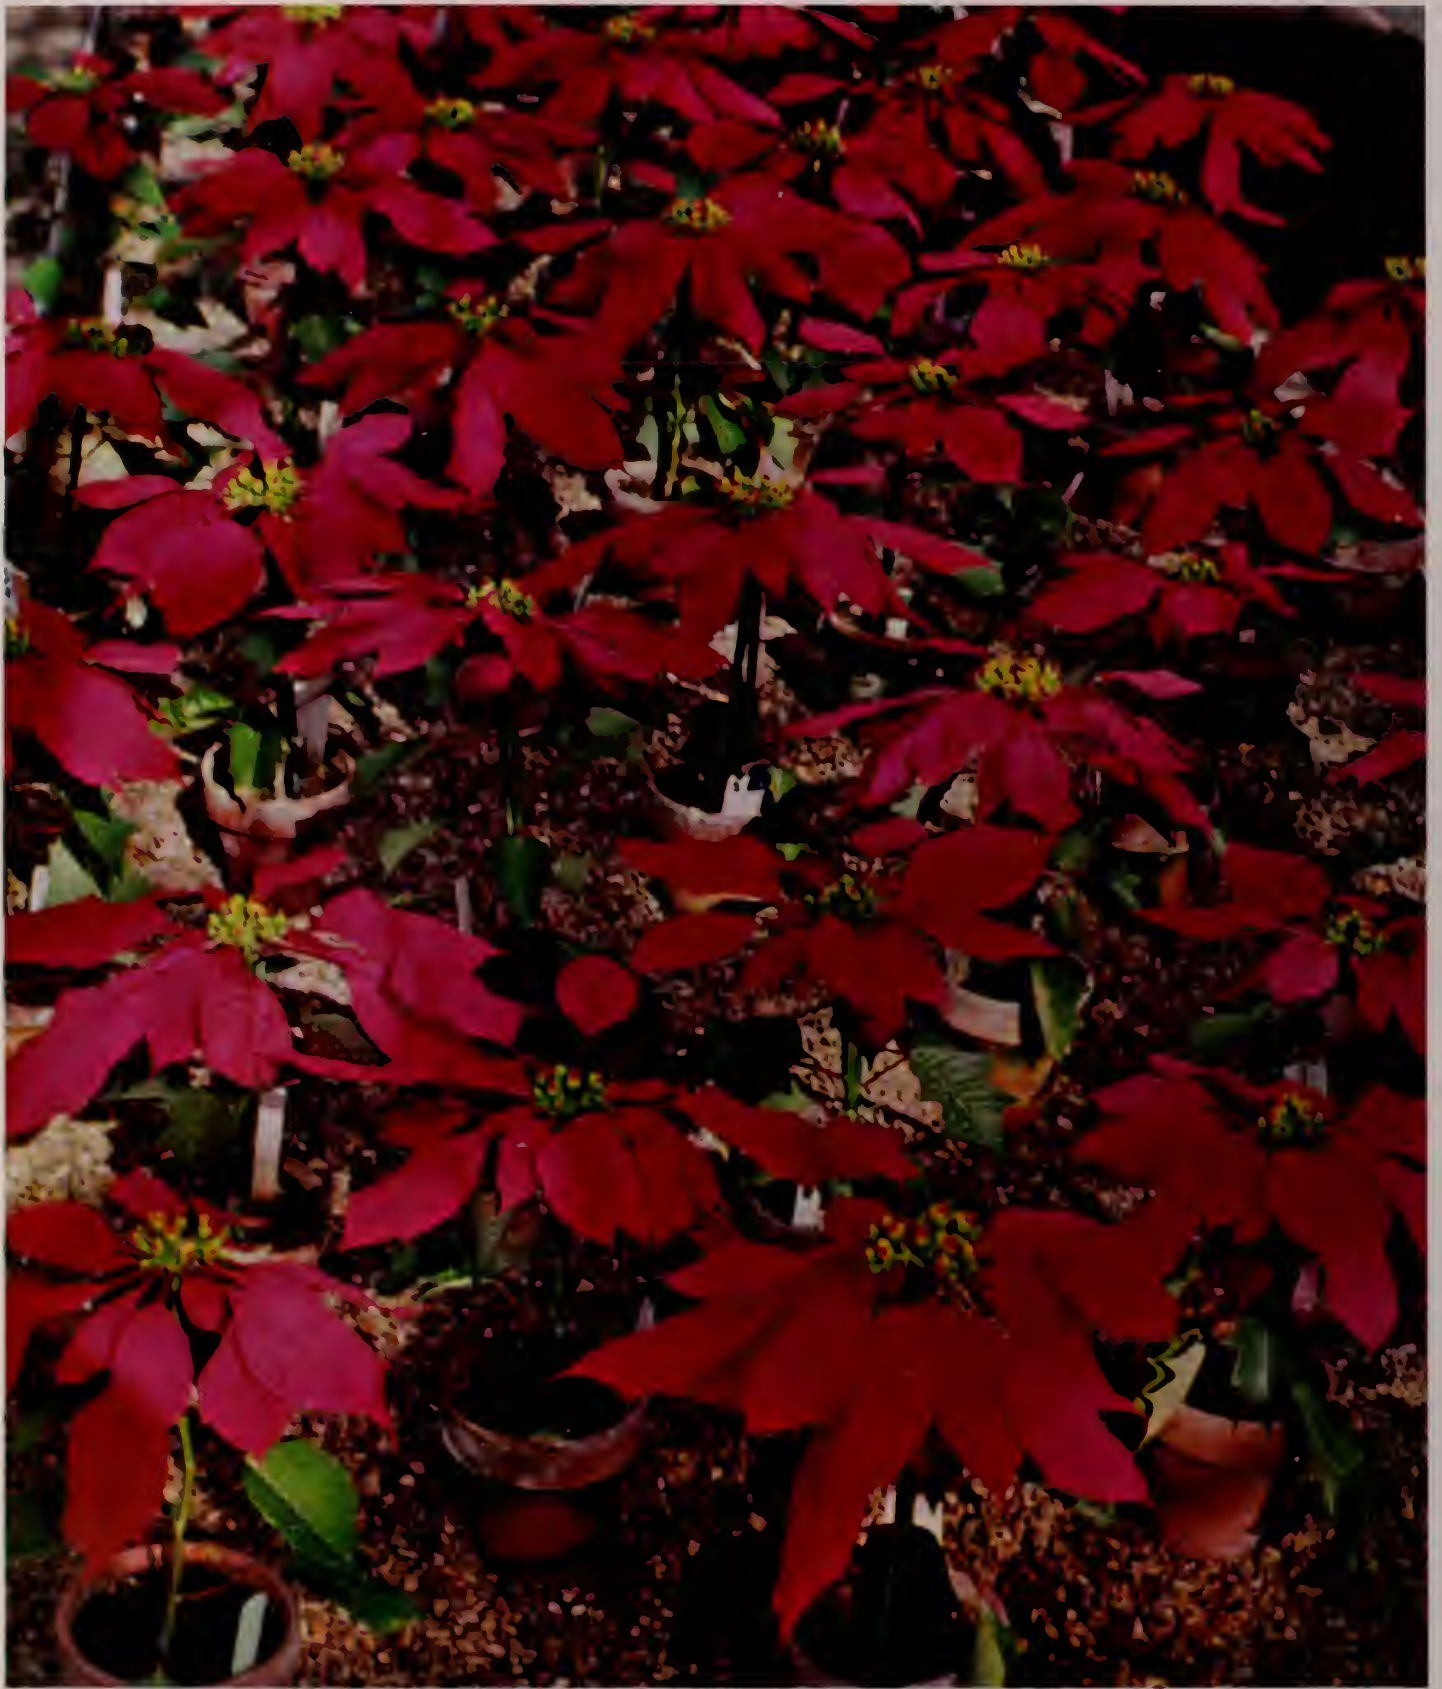

In a setting befitting a queen, the crowds gather to hear the long-awaited announcement. The viewer witnesses unexpected moments of joy on each winner's face as she begins her walk up the long red carpet. With eleven finalists assembled, a tense mood prevails until "Miss University" is named. She is a radiant and charming coed—a true "Miss University."

Co-editor, Jon Lee Poche serves as master of ceremonies at the annual "Miss University" Christmas Ball.

"Miss University" finalists: Judith Searcy; Marcelle Bienvenu; Jackie LeBlanc; Carolyn Morgan; Mary K. Fenstermaker, runner-up; Sherry Kerr, "Miss University"; Sue Ellen Wilde; Patricia Newman; Ruth "Sis" Morrow; Beverly Broussard; and Judy Broussard.

YULETIDE

During the Christmas season, the university becomes much more than an institution established for the pursuit of knowledge. Descending on campus, the holiday spirit brings feelings of merriment, gaiety, and cheerfulness.

Arrangements of candles, ornaments, pine needles and cones form decorative centerpieces while stately Christmas trees enhance dormitory parlors. Stunning poinsettias create a friendly atmosphere that prevails all around.

A Christmas atmosphere prevailed at the "Miss University" Ball.

Adding a festive touch to the dormitory decor, coeds in Bonin Hall put aside books to enter into the Christmas spirit.

Santa and his helper add a flare of spirit to Buchanan Hall.

FESTIVITY

Excitement mounts as students begin to sense the Christmas season drawing near. Door decorating, caroling, tree-trimming, and Santa Claus parties add to the mirth and merrymaking.

Christmas turkey dinner in the cafeteria is complete with all the trimmings and decorative atmosphere befitting the occasion. The student is surrounded by the sounds and sights of Christmas and spirit of giving is not forgotten.

The time for leaving arrives sooner than expected. Students bid farewell to their housemothers and roommates. They have spent their Christmas on campus; they leave now to spend yet another Christmas at home.

DARKNESS

As nighttime falls, a cloak of time descends upon the campus and student and hazes the edge of day. For some, darkness obliterates the long road of a hard day or highlights the excitement of a fun-filled evening.

Night brings quiet times for thinking, wondering, walking, studying and peace of mind. For the night-goers, darkness creates diversion and fun.

And like a soothing balm, darkness enables one to awake refreshed in the morning and find that the sunlight promises to overlook yesterday's errors and shine lovingly on tomorrows.

TENSION

Final examinations terminate the end of a year of extra-curricular, cultural, and social facets of the university. It may signify a pleasant means to an end—a diploma or the continuance to another semester.

Many varied emotions are acquired throughout exam week. The students, bearing hours of strain and stress, seeking answers which cause the questing mind to be inflamed by the acquisition of knowledge.

Knowledge is available, but the student must seek it and the fatigue accompanying many hours of concentrated study, whether cramming or studying at a steady pace, is well worth the effort. It is through the work of man that the achievements of our civilization are accomplished.

SNOW

Strapping ski boots were a problem for girls.

Two bus loads of happy USL students and their chaperones left the campus early one morning for a four-day skiing trip to Red River, New Mexico. Sponsored by the Program Council of the USL Student Union, the trip provided the students with opportunities for ice-skating and sight-seeing in addition to snow skiing.

Thrill and excitement of snow never before witnessed by some and common to others filled the students with an experience never to be forgotten.

USL Student Center proves to be a convenient location for a quick break between classes.

RESIDENCE

Living in a dormitory provides a new way of life. It is here that the students make and establish new friendships and modes of life.

Studying plays a big part in dormitory life, but such things as television, an occasional trip to the refreshment center, and general "goofing-off" help add variety to the day's routine.

With the vast number of students living in each dormitory, telephones are a major problem.

After miles of travel, the student reaches his destination.

Parking stickers help to alleviate traffic problems.

Awaiting departure time, the students utilize the bus as a place of study.

Coeds work together in the girl's club room to solve classroom problems.

COMMUTERS

Faced with traffic problems and lack of parking places, commuters spend much time traveling to and from school each morning. Cars and buses become a place for study and eating. Days begin earlier and terminate later.

A better atmosphere for studying and relaxing, a lower cost of living and a part time job may be reasons for commuting. Despite the problems involved, these students still participate in school activities which require much time and effort.

Throngs of people lined Lafayette streets to witness Mardi Gras activities.

Some USL students traveled to New Orleans for excitement.

Curious spectators view persons, places and things.

CARNIVAL

Mardi Gras this year meant a stay in Lafayette or a trip to New Orleans to hear the roar of the crowd and witness the prismatic spectacle of parades. Streetwalking prevailed throughout the day as people clad in colorful costumes brought smiles to young and old.

Everything from clowns to czarinas lined the parade route. Precision marching bands and cleverly designed floats grasped the attention of the parade goers as they beheld another "Fat Tuesday."

A usual occurrence, students join one another for a day of festivity.

MERRYMAKING

Whether attending spectacular pageants and balls or participating in the day of merrymaking, enthusiastic Mardi Gras fans were contented with what they viewed.

As the last float went by, the large and boisterous crowd dwindled and the street amusements closed. Distressed with the termination of another Mardi Gras season, participants began planning for next year's activities.

RESEARCH

Conducted in many places and numerous ways, research seeks to improve our way of life. Through observation and experimentation, man searches for objectivity, retraces steps, reviews findings, and finally presents a theory which involves criticism and testing.

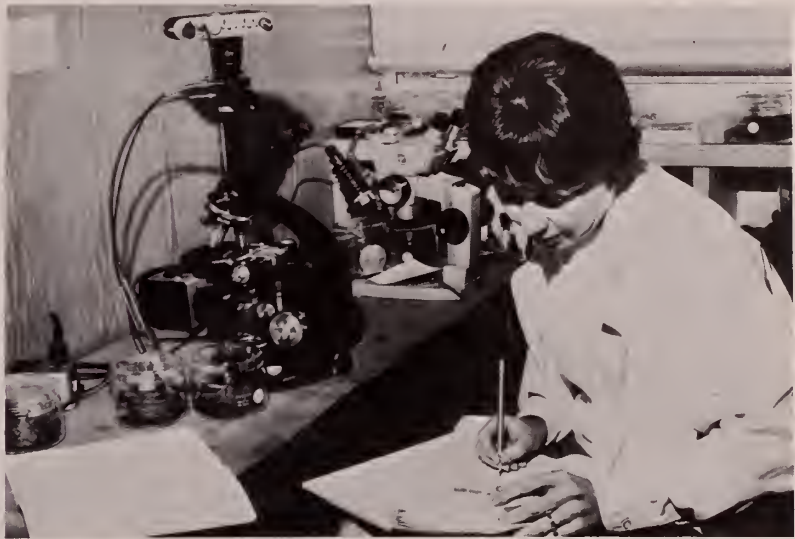

If we were satisfied with a complacency in everyday life, then we would have no need for the university or its research. But, we are constantly asking for new and better materials, more efficient machines, and scientific products. These are the results of research.

INTERNATIONAL

Many foreign lands are represented on the face of the University. Foreign students, while far away from home, pursue a higher education.

Strangers to this section of the country, foreigners are faced with much unfamiliarity. In coping with this problem, they are welcomed to the University and campus community with the friendliness and cooperation prevalent in Southwestern students.

CHALLENGE

Bearing the burdens of a country tormented by war, racial unrest, mounting crime, and economic problems, our generation is challenged to meet the obligations imposed upon us by the preceding generation. Hesitantly, yet determined, we accept the challenge, moving ever forward in our quest for a better world.

Beauties and Personalities

David Neher, Circle K president, congratulates their new fraternity sweetheart.

Sherry actively "Backs the Bulldogs".

"Miss University" receives a bouquet of roses from Kathy Hancock, yearbook staff member.

Miss Sherry Kerr

A warm, friendly smile and twinkling brown eyes portray "Miss University" of 1967, Miss Sherry Kerr. Sherry, a sophomore from Lafayette, is a major in elementary education. The new "Miss University" is an active participant in all phases of campus life. This is displayed through her membership in Associated Women Students, Delta Delta Delta social sorority, and the student council.

Honors are surely no stranger to Sherry, for she has been elected a USL cheerleader, Circle K sweetheart, Azalea Queen, Miss Lafayette Parish, Miss KP&L, Miss Marine Electric, and Sports Show Queen. Sherry was nominated by Circle K.

Miss Mary K. Fenstermaker

A combination of vitality and sincerity mark the personality of Mary K. Fenstermaker, first runner-up in the "Miss University" contest. Mary K., a junior, majoring in Medical Records, is from New Iberia. "The Vermilion," McCullough Dormitory, Institute of Electrical and Electronics Engineers, Louisiana Engineering Society, and Association for Computing Machinery can be proud of their nominee, as she is vice-president of her dormitory, a member of Delta Delta Delta social sorority, Dormitory Women's Council, Judiciary Minors Board, Newman Club, and American Association of Medical Records Librarians.

Mary K. served as a maid on the Homecoming Court, Football Queen, USL's nominee for Miss Cheerleader—USA, and has been a USL cheerleader for 2 years.

Miss Marcelle Bienvenu

Honors are no stranger to Marcelle Bienvenu, who is a "Miss University" finalist for a second year as a nominee of Kappa Delta social sorority. This pretty miss from St. Martinville is a major in political science and is an active member of the Political Science Club, Newman Apostolate, Student Council and Kappa Delta, of which she serves as membership chairman.

Marcelle was also honored by being nominated to Who's Who Among Students in American Universities and Colleges and was named Kappa Sigma Sweetheart, as well as "Outstanding Kappa Delta". She is a member of the Engineering Court.

Miss Beverly Broussard

Vivacious and cheerful are only two words of many that could be used to describe Beverly Broussard. Beverly is a sophomore from Lafayette and is majoring in lower elementary education. Stadium Dormitory should be proud of their nominee, for her enthusiasm and zest has led to her election as a USL cheerleader, sweetheart of Stadium Dormitory, and a member of the Associated Women Students and Delta Delta Delta social sorority.

Miss Judy M. Broussard

As a Student Council representative, Judy Broussard still finds time to belong to the Associated Women Students and Delta Delta Delta social sorority, of which she serves as school spirit chairman. Judy, who hails from Lafayette, is a sophomore majoring in business education and was nominated by the USL Marketing Club.

Miss Jacqueline LeBlanc

Another Lafayette miss, Jackie LeBlanc is a sophomore majoring in secretarial science. Jackie serves as an active member of Sigma Sigma Sigma social sorority and on the basis of beauty, personality, and poise was selected as a member of the Azalea Trail Court. Miss LeBlanc was nominated by the Young Republicans and Baker Dormitory.

Miss Carolyn Morgan

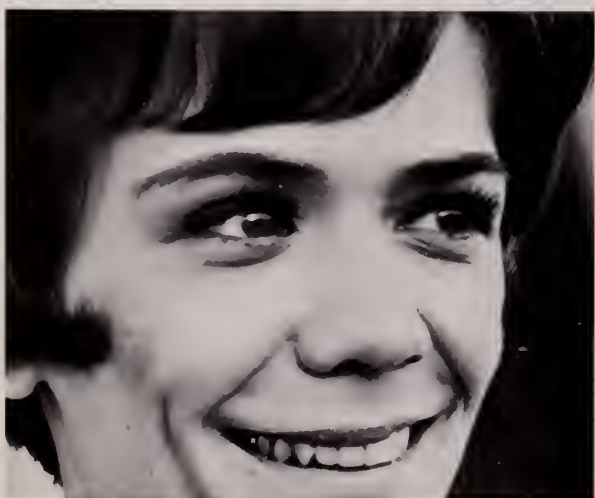

Being no stranger to the students of USL, Carolyn Morgan was elected as a finalist for the second consecutive year in the "Miss University" contest. Carolyn, a beauty from New Orleans, is a senior in secretarial science. She is a member of the Newman Club, the National Collegiate Association for Secretaries, Economics and Finance Forum, Accounting Forum and Sigma Sigma Sigma social sorority. Miss Morgan was nominated by Tri-Sigma and the Economics and Finance Forum.

Miss Ruth Morrow

A bubbling and outgoing personality has made Ruth Morrow a favorite among many. "Sis," as she is known to most everyone, is a senior from Arnaudville, majoring in elementary education. She is president of Associated Women's Students, a member of Phi Mu social sorority, Angel Flight, and the Newman Apostolate.

Honors are not new to "Sis" who has been Phi Mu Jewel, Yambilee Festival "Miss Congeniality", princess in the Cotton and Rice Festivals, and a member of Who's Who Among Students in American Universities and Colleges. Miss Morrow was nominated by Phi Mu.

Miss Patricia Newman

Pat Newman's shining eyes reflect her equally sparkling personality. Pat, a sophomore in secondary education from Rayne, was nominated by Associated Women Students. Among her many accomplishments are membership on the Associated Women Students executive board, president of Dormitory Women's Council, president of Delta Delta Delta social sorority pledge class, treasurer of Agnes Edwards House and AWS publicity chairman.

Pat was USL's representative at the Cotton Festival nominee for outstanding freshman woman, and a member of the Kappa Alpha Rose Garden Court.

Miss Judith Searcy

Outstanding is one of the most appropriate words that could be used to describe Judy Searcy. She was named as an outstanding freshman woman and later named by the Vermilion Honor Society as an outstanding sophomore. Her well-rounded personality has led to her election as a "Miss University" finalist for a second year.

Judy is a member of Delta Delta Delta social sorority where she serves as editor. She is secretary of Alpha Lambda Delta and is a member of Phi Kappa Phi, Vermilion Honor Society, and the French Club. Judy, a junior from Monroe, is majoring in commercial art. She was nominated by Delta Delta Delta.

Miss Sue Ellen Wilde

Intelligence and a smile go hand in hand with Sue Ellen Wilde. Sue Ellen, a sophomore, majoring in microbiology from Metairie, was nominated by Roy Hall. Sue is a member of the Associated Women's Students Minors Board, Microbiology Club, and the Newman Club.

Media Keeps Campus Well-Informed

Guy George, Jr., math instructor, also doubles as editor of "Two Bits Worth," the computing center newsletter.

To keep USL students well-informed, various means of communication and publication are offered. KRVS, the student operated radio station, is on the air day and night with programs to please the most discerning listener. Weekly publication of "The Vermilion," is designed to keep students and faculty up-to-date on campus events. "L'Acadien," published each spring, presents a pictorial account of the year's events. Also, students are given a chance to display their creative writing abilities in USL's literary magazine, "Exile," which is published each semester.

Besides these major means of publication and communication aimed at all USL students, there are other areas covered by publications which concern specific groups. Some are published at regular intervals, while others appear around campus at the editors' discretion. Three of these publications are "Alumni News," "Two Bits Worth," and "Acadiana Engineer."

"L'Acadien" staff members push for the final deadline.

Mrs. Margaret Colomb, secretary to the president, also serves as editor of "Alumni News."

Published by and for the students of USL, "The Vermilion" makes its appearance on campus every Friday morning. It is a member of the Associated College Press and is represented for national advertising by the National Educational Advertising Services, Inc.

The weekly newspaper was a recipient of a number of awards during the past school year, including an "A" rating by the National Newspaper Service of the National School Yearbook Association and a merit award by the Southwest Louisiana Advertising Club for an advertisement done for the University Bookstore.

One of the most popular of the "Vermilion" features is the Vermilion Darling, a coed picked by the editorial staff to grace the front page each week.

Exile Published Twice

"*Exile*," the University of Southwestern Louisiana's only student literary journal, is an annual project of Sigma Tau Delta, the Honorary English Fraternity. The journal contains plays, short stories, poetry, essays and critical articles submitted by students of all colleges at the University of Southwestern Louisiana, and is distributed free of charge to faculty and students. With the financial assistance of the Student Council and the English Department, "*Exile*" will be published twice this year. It is the hope of the editors that favorable response to "*Exile*" will make possible its continuation as a bi-annual publication.

Largest "L'Acadien" Goes to Press

Plans for the 1967 "L'Acadien" began to coagulate in the summer of 1966, when the editors traveled to Taylor Publishing Company in Dallas to design the cover, decide on the number of pages and draw up the opening section. From then on it was a constant struggle with one goal in mind—the March 1st final deadline. Thousands of pictures were scheduled, taken and retaken. Layouts were drawn, thrown away and re-done. Many hours were spent on the index, the most tedious job of all. Organizations were asked to turn in articles, and a few did.

As the March 1st deadline came closer, the "L'Acad-

ien" office became a second home for the editors. One hundred and sixty pages were due with only two weeks left in which to do them. Yearbook work became a love and an obsession, with homework, classes, studies, and sleep being disregarded completely. Except for an occasional visit to the "Vermilion" office next door, contact with the outside world was held to a minimum.

Finally, "L'Acadien 1967" was completed. Four hundred and sixty-four pages make it the biggest ever, and the most time consuming.

Producing a yearbook of the quality demanded by USL students is an enormous task, requiring the efforts of many people. This year's "L'Acadien" was no exception.

Starting the year with a staff of over thirty, things couldn't have looked better. However, by semester break the number had dwindled to less than half. Those who stayed were loyal; each staffer carried his own load. Some had an added burden, in that "L'Acadien" sponsored the Miss University Dance. The dance proved to be the best ever and its success was, in part, attributable to the "L'Acadien" staff.

Not only the staff is responsible for the final outcome of the book. Many people helped throughout the year. The cover design came about through the patient efforts of Norman Dowdy at Taylor Publishing Company working in connection with the editors and Fred Elsing Sr., our Taylor representative. The excellent photography is due to John Stephan, the man on the scene and behind the scenes. The lack of major mistakes is due to Miss Marie Mamalak, our proofreader, watchdog and adviser.

Last, but not least, there are our professors who so knowingly understood, when we had to "cut" classes and when our grades tumbled.

KRVS Produces Variety of Programs

"Variety is the spice of life, and the essence of good radio"—so reads one of the station I.D.'s. KRVS takes pride in the variety of its programming.

A quick check of the program log would show what is meant by variety—the finest in concert music each evening; the Metropolitan Opera each Saturday afternoon; the Sunday evening recorded opera; "L'Heure Francaise, Avec Ginnette," a program featuring Canadian and Classic French music and commentary; "Country Showcase," with the latest in modern country-western music; "The English Sound" which features the mod music of England; "Rhythm-Go-Round," with the top twenty tunes on the rock and roll charts; a hit soundtrack each evening on "From Broadway to Hollywood;" "Our Little Corner" with music of all types, from semi-classical to jazz. If you like oldie 45's, there's "Oldies by Request." And for anybody who likes variety on a large scale there is "Nightmare."

These and the rest of the KRVS regular programming all add up to variety in programming, which is what KRVS promised you in the first place.

Students majoring in dance as well as other areas of study make up the USL Dance Performance Group. From this group, which studies dance techniques under the direction of Mrs. Muriel Moreland, members are selected to participate in the various programs on campus such as musical comedies and dance concerts.

Highlighting this year were the group's performances in "An Evening of Opera and Dance," "Faust," and "Brigadoon." In "Faust," the dancers depicted devils and demons in the Walpurgis Night scene. "An Evening of Opera and Dance" featured traditional ballet, as well as, experimental dance and music. The Sword Dance and other Scottish folk dances were the highlights of "Brigadoon."

Band Provides Colorful Half-Time Entertainment

USL's band, under the direction of John Gilfry, again proved to be one of the most spirited organizations on campus. Regardless of the weather, the "Bulldog Band" was always ready to entertain the crowd. Programs varied between show tunes and traditional marches. Many hours of drilling and rehearsing on the practice field were culminated in the successful half-time performances.

Other activities of the band include participation in area festival parades, providing a spirit band for home basketball games, concerts throughout the year, and a spring tour to interest high school students in USL.

Students, faculty and residents of Lafayette are eligible to join the University Orchestra which is under the direction of Dr. James Burke. Placement is by audition with priority given to music majors.

Membership in the University Chorus is open to all students on an elective credit basis. It is directed by Professor Willis Ducrest.

Performing at home football and basketball games is only one of the many activities of the Southwestern Sweethearts. Besides being a precision dance team, they are also a service group. They serve as hostesses for Homecoming open house and the tea for faculty wives. For other activities they take part in pep rallies, excursions and parades.

USL coeds with a 2.0 average are eligible for membership in the Sweethearts. The selection is made by the choreographers each spring after a three-week training period.

Dramatic Productions Feature Tragedy and Comedy

Opening the 1966-67 season with "Diary of Anne Frank," the Southwestern Players, under the direction of Harold Poe, continued their tradition of presenting stimulating, worthwhile theatrical fare to the university community. "The Adding Machine," "Curse You Jack Dalton," "Tea For Three Billion," "Love Voodoo," "The Imaginary Invalid," "American Dream," "Tree To The Sky," "The Boor," and "Murder In The Cathedral" were the varied productions which seemed to satisfy the tastes of even the choosiest of theater goers.

The cast in "The American Dream" included Julie Haack, Pete Perrodin, Shirley Prestia, Joe Riehl and Mary Lou Walters.

Julie Haack and Juanita Rougeau entertained summer audiences in "Love Voodoo."

Members of the cast of "Curse You Jack Dalton" were Linda Alleman, Ed Sharp, and Meg Faulk.

Featured in "The Imaginary Invalid" were Loraine Girard, Joseph Demoruelle, and Dicky Simmons.

The artist and his girl in "Tree To The Sky" were Ted Meehan and Dottie Castille.

With the many dramatic productions staged in Burke Hall Theatre, a student can not complain that he has had no chance to display his theatrical abilities. All students, amateur or professional, may participate. Also, opportunities are not limited to those who wish to become stars. For those who can not act nor stay away from the smell of the grease paint, there are the behind-the-scene jobs such as lighting, sound effects, costuming, make-up, set design and construction and scenery painting. Lastly, for those who simply enjoy watching the show, admission is free.

"Anne Frank" includes a scene in which Suzanne Vuillemot and Ronnie Foreman argue over selling the fur coat to buy cigarettes.

Probably the most successful musical ever staged by the USL Opera Guild was "The Sound of Music," which was presented to a sell-out summer audience. From the opening scene in which a chorus of nuns pondered how to solve the problem of Maria, to the most emotional scene, which featured the Austrian folksong "Edelweis," the show was a mastery of musical performance. The story revolves around the circumstances that develop as a result of a would be postulate, Maria, who becomes governess and then step-mother of the children of Baron von Trapp. "The Sound Of Music" tells of their dramatic escape from the Nazis, when Austria is invaded. Lavish sets and excellent costuming added the finishing touches to the production.

Three of the stars of the production were Sarah Mahtook portraying Elsa Schraeder, Richard Cage as Baron von Trapp, and Antonio Perez who portrayed Max Detweiler.

Opera Guild and Workshop Present Musicals

Gary Moore and Zack Young portrayed the feuding fathers in "Fantasticks."

Jeanne Adams, Michael Landry, Dick Wagner, and Lamar Robertson comprised some of the cast of "Brigadoon."

Mephistopheles, played by guest artist Paul Hickfang, tempts the townspeople in "Faust."

"Brigadoon" is once again brought to life by the USL Opera Guild.

"Brigadoon" and "Faust" were the two recent productions of the USL Opera Guild. Completely opposite in content, the two musicals showed students and area residents the true comedy-tragedy relationship in music.

"Brigadoon" is the story of the mythical Scottish village that comes to life only once every 100 years, and the two twentieth century New Yorkers who get caught in the transference. "Faust," a much heavier dramatic production, concerns an aged philosopher who consults the devil on restoring his youth.

In the fall semester, the USL Opera Workshop took to the stage with its production of "Fantasticks." A parable about love, "Fantasticks" is the age old story of a boy and a girl and their feuding fathers. The style of the production was simplicity, with a blend of satire and romanticism.

Richard Cage, as El Gallo, duels Richard Williams, portraying Matt, for the honor of Luisa in "Fantasticks."

A musical comedy about parental influence in young love, "Fantasticks" featured Jeanne Adams and Richard Williams as the young lovers.

Through the many courses offered by the School of Art and Architecture, the student is awarded the chance to develop his appreciation of art. To majors and non-majors, such courses as painting, sculpture, graphic design, choreographic design, advertising design, interior design, and architecture are offered.

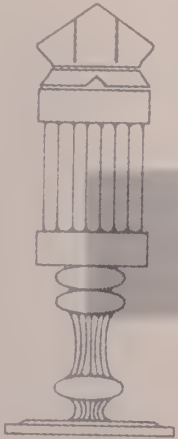

University Gallery of Fine Arts in Brown Ayres Hall features exhibits by professional artists, students and teachers. The gallery serves as a teaching aid through comparative study of other artists' works. Highlighting this year at the gallery were exhibits of Oriental arts and crafts from the collections of USL faculty members, typography showing the evolution of type from its earliest beginnings up to the present, jewelry and photography by local artists and weaving featuring the work of Rudolph A. Fuchs.

C. H. Palm sets up a model for an architecture class.

As official representatives of the student body, the USL Student Government Association functions in many capacities speaking for the students and bettering their welfare. The 1966-67 council provided for entertainment in the form of weekly summer dances, a "Back the Bulldogs" dance in September, and a concert by the Righteous Brothers. The betterment of campus life was brought about by constant striving to improve campus conditions and by assistance to and co-ordination of other campus organizations. A greater image of the university was projected by placing billboards at the entrance of the city welcoming visitors to USL. Weekly pep rallies and excursions to out of town football games boosted the school spirit.

In providing a voice for student opinion and betterment of USL, the Student Government Association achieves its purpose.

Student Union Board Members: *Seated:* Verna Stanley, Kathleen Bordelon, Margaret Maraist, Cheryl Thomas. *Standing:* David Bruce, Dr. Bernard Bienvenu, James Bradshaw, Dr. Ray Authement, Arthur Lauck, Charles Cosper.

Nine students, two faculty members, two alumni, and three union staff members make up the Board of Directors of the USL Student Union. The purposes of the board are to establish policies and regulations regarding the use of the union facility now in the planning stages and to develop a co-curricular program of activities, providing for the social, cultural and recreational needs of the campus.

Programs during 1966-67 included a ski trip to Red River, New Mexico, a recreational tournament, the on-campus sale of the "New York Times" on a daily basis, and the establishment of the present Student Union as a study hall during final exam periods.

AWS Officers—*Seated:* Joell Bowab, president of Judiciary Board; Ruth "Sis" Morrow, president of AWS; Pat Newman, president of DWC. *Standing:* Phyllis Montgomery, publicity chairman; Emily Boudreaux, treasurer; Polly Hardee, corresponding secretary; Margaret Maraist, vice-president; Theresa Angelle, IAWS representative; Nancy Bernard, recording secretary.

Associated Women Students

"Sis" Morrow explains the rules.

Sponsors of several activities throughout the year, Associated Women Students is the executive branch of the three-branch women's service organization. Activities include a freshman orientation program which helps prepare freshman women for campus life. Awards are presented to the outstanding dorms and women students at the Spring Awards Convocation. This organization also publishes a handbook entitled the "USL Woman," which explains all phases of campus life. The members of the executive board strive to promote and co-ordinate activities for the USL woman.

AWS, along with MSGA, sponsors an annual Christmas Carol Night for all students, as well as a style show for USL women and teas honoring dormitory housemothers.

Judiciary Board

Judiciary Board interprets, supports and enforces regulations which have been drawn up by the University Administration and DWC. It also serves as a court of appeal.

Joell Bowab, Judiciary Board president, holds a discussion with dormitory vice presidents.

Dormitory Women's Council

DWC is the legislative branch of AWS. The secretary and treasurer of each dorm automatically are members of DWC, which meets bi-monthly each semester.

Dormitory maintenance and the revision and passage of rules, which all women students of the University abide by, are the main functions of DWC.

DWC Officers— *Front Row:* Pat Newman, president; Kathy Sonnier, vice president; Sandra Lawson, secretary; Deborah Dunstane, treasurer; Dr. Geraldine Lambert, adviser; Judy Gardiner. *Middle Row:* Mary Moss; Mary Nell Domingue; Ann D'Aquin; Carole Vidrine; Jo Dee LaRocca; Adele Lasseigne; Cynthia Porche; Lynn Caillouet. *Top Row:* Marilyn Derveloy; Sylvia Hindelang; Mary Kay Martzell; Lynn Giodano; Elizabeth Smith; Sharon Lee; Cathy Theriot.

In 1897, four friends pledged true friendship to one another—this was the founding of Alpha Omicron Pi.

Today, this friendship is illustrated through such activities as: the Mother-Daughter Tea, participation in Homecoming activities and winning second place in decorations, Founders' Day Banquet, sponsoring a movie for the benefit of the Frontier Nursing Service, Spring Formal and Parents-Daughter Banquet.

Members represent Alpha Omicron Pi in the Student Council, Angel Flight, Who's Who Among Students in American Universities and Colleges, Sweethearts, and honorary organizations.

Alpha Omicron Pi's are proud to have some of their members reign as Engineering Queen and Greek Goddess for this year along with fraternity sweetheart titles.

Learning the true meaning of sisterhood and the inestimable joy of service to others, the sisters of Alpha Sigma Alpha combine their efforts in such activities as Founders' Day Weekend; Homecoming; and Hallowe'en, Thanksgiving, and Christmas parties. Other social events include participation in State Day and the National Convention; the Hula Hop, an annual philanthropic project for mentally retarded children; and their Spring Formal.

One of this year's greatest achievements is the winning of the title of the most outstanding ASA in the nation by a member of Beta Zeta chapter.

ASA is an asset of immeasurable importance to the USL campus.

Tri-Delta expresses the spirit of sisterhood in every phase of their activities.

Traditions which are still carried on each year include Founders' Day Banquet and the Pansy Breakfast honoring graduating seniors.

The annual pledge project is the Sadie Hawkins dance for the Sudie Carroll Scholarship. The initiation formal is given in the Spring. The Tri-Delta's have members in Angel Flight, honorary organizations, Who's Who, the Student Council and the Cheerleader Squad.

This year they won first place in Homecoming decorations for sorority competition and the school spirit trophy. Members of the sorority won such titles as—"Miss University" and finalists, and Vermilion Darlings.

With a total of 175 national chapters of Delta Zeta sororities established, the local Delta Kappa chapter can boast of many accomplishments.

The girls get together for houseparties, surprise breakfasts, Thanksgiving, Christmas and pumpkin parties, in collecting for 'Easter Seals, sending clothes and food to needy people in Mexico, sponsoring the Frank Schmidt Memorial fund-raising project from the Greeks at USL, at their Founders' Day Banquet and at the barbecue for their Parents Club.

Delta Zeta is represented in such campus activities as: Angel Flight, AWS, honorary organizations, and Sweethearts. One of their sisters was a recipient of the Joel Fletcher Scholarship.

All in all, they have enjoyed a prosperous and enlightening year.

DZ's receive their new sister with open arms.

Kappa Delta began an outstanding year as recipient of the Agnes Edwards Scholarship Award, followed with the hustle and bustle of fall house-parties, the KD Green Garter Dance, Founders' Day Banquet, a Christmas Fiesta, and the White Rose Formal.

Kappa Delta is represented in most every facet of campus life: honorary organizations, Angel Flight, Student Council, Student Union Board of Directors, and a "Miss University" finalist. Other honors include Commerce Queen, Freshman Representative, Festival of Beauties Queen, fraternity sweethearts, and Vermilion darlings. Five members were also named Who's Who Among Students in American Universities and Colleges.

A hardy welcome is given to new members of Sigma Kappa

The new pins seen on campus belong to Sigma Kappas, members of the "baby" sorority. Founded by five young women in 1874, it has continued its tradition of friendliness in the new chapter which, begun by only 14, has grown into an active hardworking group interested in all phases of college life.

Having the highest active average helped them get fellowships and membership in Gamma Beta Phi and Alpha Lambda Delta. They are active in many honorary organizations and their interest in the campus social life is varied, but they also work hard on service projects and gerontology projects.

The first year on campus has been a busy and progressive one for Sigma Kappas.

IFC Governs Fraternities

As the governing body and guiding force of the University's ten social fraternities, the Inter-Fraternity Council draws up the rules and regulations to which all fraternities must conform.

Composed of two delegates from each fraternity on campus, Inter-Fraternity Council, at its regular meetings, discusses the problems confronted by Greek men.

Inter-Fraternity Council sponsors such activities as intramural football, baseball, and track; fraternity Rush Week; and in conjunction with Panhellenic, the annual Greek Week.

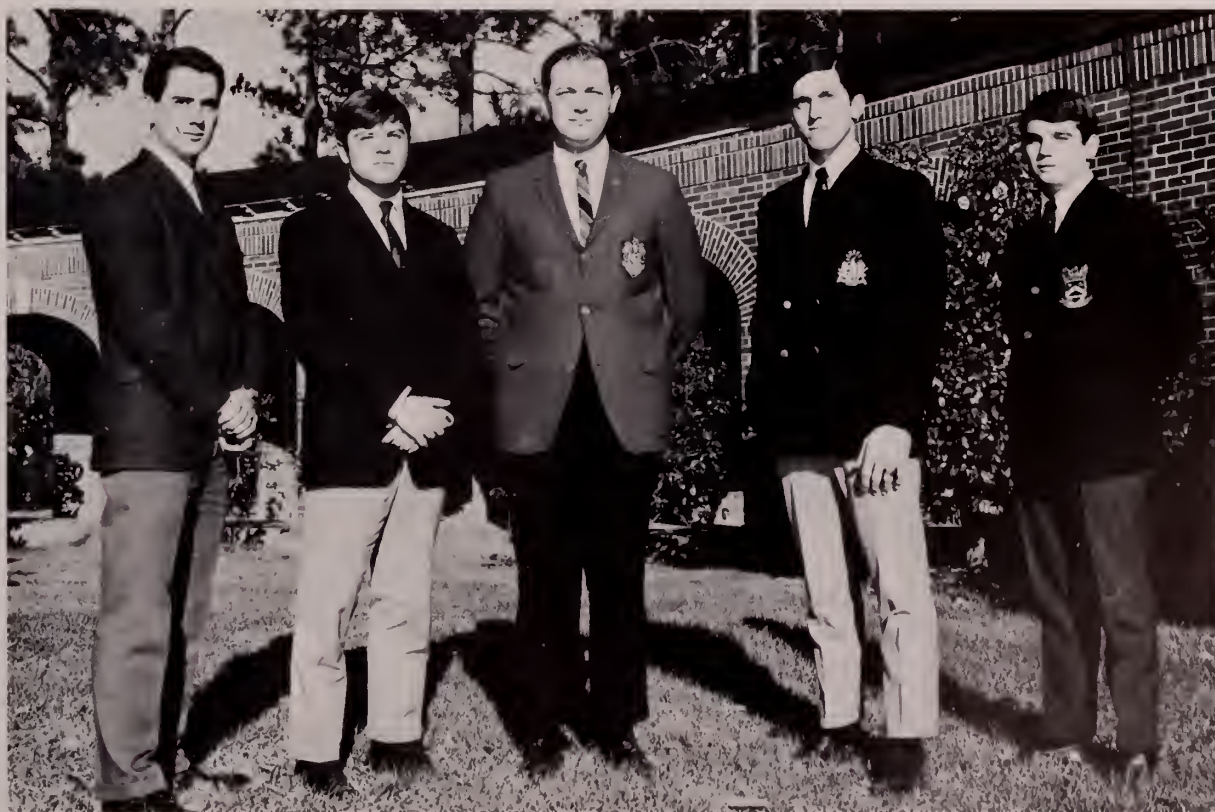

IFC has done a great deal to improve the fraternity image in the eyes of the campus and community.

Among the oldest international college fraternities on the USL campus, Delta Sigma Phi constantly endeavors to improve the overall character and versatility of its members. Year-round activities ranging from social and athletic to scholastic and service provide an atmosphere which is conducive to a more liberalized education.

Service projects such as the St. Vincent de Paul Canned Food Drive serve to improve not only the fraternity, but also the university's image throughout the Lafayette area. Formal and casual social functions, on the other hand, provide a much needed respite for actives and pledges from the rigors of demanding scholastic pressures.

After its founding in 1800 at the University of Bologna as a secret society, Kappa Sigma's ideals and teachings were revived in America at the University of Virginia. Epsilon Chi Chapter was founded on the USL campus on March 17, 1956, making it one of the oldest national fraternities on campus.

Kappa Sigma has been extremely active in functions both on and off campus. Included in such activities are its annual Salvation Army drive, Cancer Drive, and Cub Scout Troop sponsorship. Socially, Kappa Sigma features its Sweetheart Dance, the Green Party, and the Senior Banquet.

With its main emphasis on positive contributions to all aspects of campus and community endeavor, Lambda Chi is extremely active in many on and off campus functions. This aim is exemplified by its largest civic project, the annual Charity Bowl, through which LCA has donated more than \$10,000 to various charities. Some highlights of 1966 included trophies for the IFC Song Fest, overall winner of IFC Greek Week, and a winner's trophy in IFC baseball.

Campus leadership included members and officers in Phi Kappa Phi, Phi Eta Sigma, Commerce Honor Society, Blue Key, Student Council, Student Corps, Arnold Air Society, KME, and Who's Who.

Lambda Chi Alpha conveys the image of a well-rounded organization, strong on all fronts.

One event stands above the rest in the minds of the Phi Alphas as they look back over the past year. That event is Province Theta of Sigma Alpha Epsilon's acceptance of Phi Alpha, thus giving Phi Alpha a chance to petition SAE for a national charter. Approval came in December of 1966 and the final steps of the petitioning process began in earnest. By June of 1967 Phi Alpha will be ready to attend Sigma Alpha Epsilon's National Convention in Minneapolis, Minnesota, and to be voted on by SAE brothers from throughout the world.

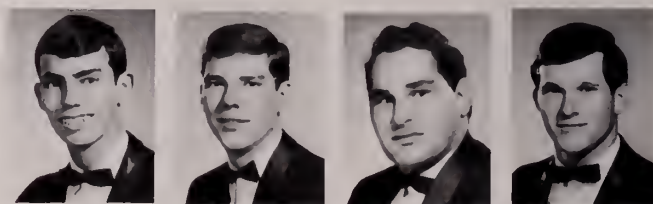

Since Phi Alpha's conception in October of 1964 and its acceptance on campus in May of 1965, the brothers of Phi Alpha have been striving for one goal: SAE. With this in mind, the men of Phi Alpha have built a brotherhood and unity that is only surpassed by that of Sigma Alpha Epsilon. Devotion through brotherhood is Phi Alpha's key to the future. It is hoped that some day the brothers of Phi Alpha will be called Sons of Minerva.

Oldest of the social fraternities on the USL campus, Phi Kappa Theta attempts to develop well-rounded young men with a full social program, in conjunction with scholastic achievement, leadership training and athletics.

PKT sponsors the annual Easter Seal drive, participates in the "Toys for Tots" drive, Charity Bowl, and Orphans' Big Brother Day. PKT also fields intramural teams in all events. Among its social events are the annual Woodchopper's Ball and the Spring Formal. The fraternity boasts the vice-president and five members of the Student Government Association, members of the Board of Directors of the Student Union, members of Circle K, Who's Who, and various honorary organizations.

PKT truly depicts the fraternity spirit with ease and enthusiasm.

Providing its members with a balanced program scholastically, socially, spiritually, physically, and morally is Sigma Nu's main ambition. It annually sponsors the Greek Week Song Fest, "President Rougeou Day" at USL, and civic improvement projects. It has captured such honors as first place in Homecoming float and house decorations and the highest average among fraternities in the spring of 1966.

Through its fellowship and activities, Theta Xi endeavors to advance the mental, moral, physical, and spiritual growth of its members and pledges.

Among the activities sponsored by Theta Xi are the Miss Personality contest for USL; the annual Christmas Dance, netting toys for tots; Founder's Day activities in the spring; the Toga Party; and charity fund collection drives. Most of all Theta Xi prides itself in its members and pledges who participate in honorary, service, athletic, professional, and student government associations. Their spirit never wanes, in spite of the fact that: "The running joys of youth are swift and college days pass by—but time's rough hands can ne'er destroy our bonds in Theta Xi."

Since its founding at Cornell University, Alpha Phi Alpha Fraternity has grown from its seven founders known as the seven Jewels, to a membership of more than 30,000 in 331 undergraduate and 212 graduate chapters.

Alpha Phi Alpha was established on the USL campus in February of 1966 and anticipates receiving its charter in 1967.

The aims of Alpha Phi Alpha are to urge its members to pursue scholarship, personal progress, manly goals, and love and service for all mankind.

The main service project of the fraternity is volunteer work for the local war on poverty programs. Alpha Phi Alpha truly follows its motto "First of all, servants of all, we transcend all."

Alpha Phi Alpha Officers—Kenneth Mouton, president; Wade Robinson, vice-president; Patrick Green, treasurer; Terrel Broussard, director of educational activities.

Phi Delta

Phi Delta is a local fraternity which has been established on the USL campus since the fall semester of 1966.

This local chapter has as one of its objectives the attainment of a charter of Phi Delta Theta national fraternity. Other objectives of the fraternity include the promotion of brotherhood and scholarship among the members and the promotion of social activities for the members and pledges.

As one of its service projects this year, Phi Delta sponsored parties for the old folks home and the orphanage during Phi Delta Theta's Community Service Week.

Phi Delta strives to benefit the campus and the City of Lafayette, as well as its members.

Fraternities Exhibit Awareness in Service Projects

Frequently the non-Greek population on campus formulates the opinion that fraternities are strictly social groups. When these students look further into the principles upon which these organizations were founded, they see that most fraternities are also based on the ideal of service. Community and university projects place high on the fraternities' list of activities. Fraternities push school spirit on campus, help out with city projects and collect donations for various charities.

Kappa Sigma members form a clean-up committee.

Lambda Chi Alpha members Jay Arceneaux, Earnest Carr and Anthony Savarese, along with Phi Kappa Theta members Kenneth Frisard and John Crestia present a check to the director of St. Mary's Home. The donation was made through funds collected at the Charity Bowl.

Sigma Nu members help clean Lafayette city streets.

Sororities Push Philanthropic Work

Tri Delta pushes school spirit with their welcome banner for the Bulldogs.

Mary Moss and Pattie May present Dr. Clyde Rougeou with one of the homecoming pennants that Alpha Omicron Pi distributed to visiting alumni.

Turtle races were only one of the features at Kappa Delta's Green Garter Dance.

Boosting school spirit at weekly pep rallies was only one of Tri Sigma's projects.

Along with their many social activities on campus, sororities also find time to help in service and philanthropic work. Each sorority has its own "pet" charity and works hard throughout the year to support it. Movies, dances and collection campaigns are the means used to further the promotion of these charities. Besides charity work, some of the groups have scholarship projects and school spirit campaigns, which add to the overall good impression of the sorority and university.

Qualifications for membership include not only debate ability, but also the ability to perform in oratory, interpretation, and extemporaneous speaking. Varsity debaters are expected to maintain a high scholastic average.

The Southwestern squad has earned recognition as one of the top teams in the South. This Fall, the Varsity Debaters have placed first in both the Louisiana Polytechnic Institute Speech Tournament and the Louisiana College Speech Tournament.

Club Members Acquire New Wrestling Skills

Wrestling techniques are discussed with Coach Robert May, Jr.

Organized in the Fall of 1964 by Dr. Louis Bowers of the Physical Education Department, the Wrestling Club promotes wrestling in several wrestling meets both at home and on the road with schools such as LSU, University of Texas, and Pensacola Naval Base. It demonstrates wrestling techniques at Lafayette High School and sponsors a wrestling clinic for area high schools in January.

The purposes of the club are to provide an opportunity for students to develop skills in wrestling and to provide a medium through which students may compete in meets and tournaments.

Republicans Reinforce Their Ranks Locally

As affiliates of the Louisiana Young Republican Federation, Young Republicans of USL has as its primary purpose the job of training interested youth for positions of party responsibility in the future.

Besides the political, the Young Republicans are also interested in the educational and social aspects of the community and the campus. Among their activities, the Young Republicans include participation in election campaigns, presentation of informative speakers, and discussions on matters of current interest.

Bulldogs Finish 1966 Season With 6-4 Football Record

A football team is an integral part of any school, especially a university. The spirit, excitement, tension, and thrills of a game somehow cannot be separated from the students who watch, or the players who participate, without separating from the whole and leaving it incomplete. Students, faculty, alumni and friends of the University all look forward to the Saturday night football games.

For head coach Russell Faulkinberry, Saturday nights are the climax of a week of preparation, study, anticipation and doubt. There is always that doubt left in any coaches mind, "Did I leave something out?", or "Have I succeeded in preparing my boys for this game?" But Faulkinberry is not a loser and neither are the Bulldogs. For the first six games, it seemed nothing was lacking in this Bulldog unit. Then came the Samford game which was one of the most costly victories USL has had. Seven starting players were injured and could not play at all, or could only go half-speed.

Only with the courage which marks all Bulldog teams as winners, did they surpass the Cowboys of McNeese to capture a second place tie in the Gulf States Conference with McNeese. For the year, the Bulldogs won six games and lost four and maintained a three-win and two-lost mark in conference play.

Three Standouts Named to All-GSC List

Devotion and determinism constituted the 1966 version of the USL Battlin' Bulldogs. They played as a team, won as a team, and lost as a team. But individuals make up a team, and this year's gridiron club had some outstanding members.

Three Bulldog defensive stars were named to the All Gulf States Conference list—Jimmy Edney, Edward Pratt and Nolan Sharon. For Pratt and Sharon it was a second time and the first time for Edney. Edney and Pratt will return to play their final year of football next season.

Edney shined as a defensive standout at his linebacker position with four pass interceptions, including one for a touchdown, and led the team in fumble recoveries with four. Sharon, a defensive guard, gave outstanding performances for the Bulldogs game after game. He had two fumble recoveries in this, his final year. Pratt, a defensive safety, stole three passes, made many a saving tackle for the Bulldogs and will return for his last year as a "Headhunter"

Quarterback Mickey Bergeron dashes for that first down marker.

Gerald Landry shakes hands with his father at "Dad's Night".

A happy bunch of "Ragin' Cajuns" lift up Coach Russ Faulkinberry after another well-earned triumph.

President Clyde Rougeou, the "Bulldog" team, and coaches are all happy about the Southeastern victory which earned them the coveted Cypress Mug, which is actually a turned and polished mahogany mug that goes to the winner of the annual fray.

Annual S-Club Banquet Honors All USL Gridders

Over 300 fans and supporters attended the annual S-Club banquet which honored USL's Ragin' Cajun football team. Highlighting the program was the presentation of special awards to Coach Russ Faulkinberry's 1966 club.

Award recipients include: best offensive back—Bill Bayard, senior quarterback; best defensive back—Tody Dupont, sophomore halfback; best offensive linemen—Nolan Sharon, senior guard, and Leonard Kleinpeter, senior end; and best defensive lineman—Herbie LeBlanc, junior end.

Bayard was first-string quarterback four consecutive years and accounted for 2,056 yards total offense in his career. The 5-9, 160-pound field general set a USL record by tossing 115 passes without an interception in 23 straight games.

Kleinpeter was the Cajun leader in scoring, pass receiving, kickoff returns and punt returns.

LeBlanc and Dupont were standouts in the Bulldog defense. LeBlanc had five interceptions and Dupont made three thefts as both finished among the league leaders.

Other standouts were Gerald Landry, Chester Gosnell, Guy Harvey, Jerry Smith, and Brad Hamilton.

Coach "Dutch" Reinhardt, trainer, offers a bit of encouragement.

USL Reaches Quarterfinals in National Tournament

Tom Cox, assistant coach, and Beryl Shipley, coach, guide USL's team.

Numerous records were shattered during the 1966-67 basketball season as USL emerged as NAIA District 27 champion for the second time in the past three years.

Southwestern advanced to the 30th annual national tourney in Kansas City's huge Municipal Auditorium by posting two straight wins over Samford (Ala.) University in a play-off held at Blackham Coliseum in Lafayette. USL cagers went on to reach the national quarterfinals by defeating Findlay College and Central Michigan University. The Bulldog team was defeated by Oklahoma Baptist in the quarterfinals.

Southwestern's regular season record boasted 18 wins against 10 defeats. Against fellow College-Division opponents, the Bulldogs chalked up 18 triumphs while losing but two—both to Louisiana Tech.

Eight setbacks were dealt to USL by major teams, including five that ranked among the nation's Top 20 powers—Louisville, Houston, Tennessee, Vanderbilt, and Duke.

USL's rugged 28-game schedule, only 12 of which were in Lafayette, drew nationwide attention as probably the toughest faced by any College-Division quintet.

The fine 18-10 record enabled Shipley to win Coach-of-the-Year honors in NAIA District 27, and three standouts were selected on the All-Gulf States Conference squad.

Netters Aim for Number One Spot in GSC

After placing second the past two years in the Gulf States Conference tournament, USL hopes to take championship honors this spring as Coach Robert C. Balink calls on three lettermen and several promising newcomers to lead the 1967 tennis team. Returning letter-winners are sophomores Bev Hoffman and Frank Mueller, and junior Ronald LeBlanc. The rookie list is headed by Lafayette freshman Irvin David.

Hoffman teamed with captain Dennis Aucoin to spark USL in the 1966 season, which produced six wins in ten dual matches, plus runner-up laurels in the GSC team standings. Undefeated in 12 straight matches, Hoffman won the GSC No. 3 singles crown with ease as he breezed through two rivals in four consecutive sets. Then the Aucoin-Hoffman duo posted three wins in a row to emerge as GSC No. 2

doubles champion.

Aucoin ended his outstanding four-year career as one of the best all-around players in school history. The 5-foot-7 Jeanerette star boasted an overall record of 33 wins and only 12 defeats in singles action, and as a doubles performer, he shared in 31 victories while losing but eight matches. He earned four varsity letters.

Another standout senior on the 1966 squad was Steve Allain, who won 10 of 13 matches and was runner-up for the GSC No. 4 singles title.

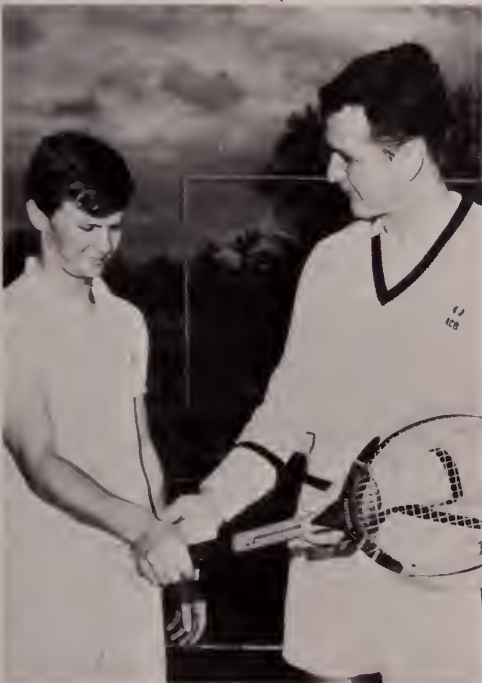

USL's net schedule calls for 12 dual matches in the regular season, then the 19th annual GSC championship tournament, May 11-12, at Monroe.

Bowlers Win Louisiana College League Tournament

Bill Schuff proves that scorekeeping is an essential part in bowling competition.

After winning the 1966 Louisiana College League tournament, bowlers brought recognition back to their alma mater. Competing against teams from Louisiana State University, Northeast Louisiana State, and Louisiana College, the USL keglers showed their opponents that they had determination and ability.

USL can boast of its fine keglers, which include A. J. Berkeley and Jay Caldwell. Other bowlers, such as Patrick Duffy, Roy Keenan, Roy Cross, Don Richard, Billy Reidy, and Bill Schuff, complete the USL team.

Team members plan to bowl in 60 games in League play and participate in a 15 game telegraphic match with David Lipscomb College in Nashville, Tennessee.

Since bowling is not a GSC sport, Louisiana colleges have banded together to form the College League. This year's league is composed of teams from Louisiana State University, Louisiana State University in New Orleans, Louisiana College, McNeese, and USL. The bowlers seek to promote and encourage participation in one of America's fastest growing sports.

Baseball Team Finishes With 15-14 Season Record

Led by All-Gulf States Conference players Leslie O'Neal and Leonard Kleinpeter, the 1966 Bulldog baseball team compiled a 15-14 game record, and a GSC record of 12-11.

Leslie O'Neal, pitcher, was named GSC Player-of-the-Year by the Louisiana Sports Writers Association. Richard Storms was chosen on the second team on the All-GSC.

The Ragin' Cajun baseball team finished in fifth spot in the GSC, while only two games out of first place. Top honors went to Northeast Louisiana State, Southeastern Louisiana College, Louisiana Tech, and Northwestern State College. Rounding out the conference were Nicholls and McNeese State Colleges.

Harry Stelly again cropped team pitching honors by having the most innings pitched, most complete games, most strikeouts and the fewest walks. Leslie O'Neal had a 6-1 won-lost record, most victories and the lowest earned run average.

Kleinpeter and O'Neal led the batting records in all game statistics. O'Neal earned the highest batting average, most base hits, most runs batted in, most doubles hit and the largest total of bases. Kleinpeter cropped honors in runs scored, most triples, most stolen bases, slugging percentage, and bases on balls. Both Kleinpeter and O'Neal tied in home runs hit.

Lettermen include Gene Brackin, Dwight Caillouet, Paul Trahan, Oran Toce, Ned Bond, John Napoli, Ray Boudreaux, and Fred Blanchard.

Lettermen Add Power to Wrestling Squad

Five lettermen returned this year to provide the center of power on USL's wrestling team. Second year lettermen Edmond Miller and John R. Dupree, captain, joined first year lettermen Wade Bergeron, Henry Boudreaux, and Rick Thomassie and other teammates to provide spectators with many exciting and interesting wrestling matches.

Coached by Robert May, the wrestlers showed opponents that they had determination and potential. The group also sponsors clinics for area high school coaches and puts on demonstrations for local high schools. Members wrestle off for the first place in their weight division on the team.

With 10 track meets scheduled in the 1966 season, USL was well prepared to take on all contenders. The Ragin' Cajuns finished with four first places, three second places, two third places and one fifth place.

USL won the GSC title by outscoring Northeast Louisiana State. Final team scoring found USL with 91 points, Northeast with 88, Northwestern with 34, Southeastern with 32, Louisiana Tech with 21, and McNeese with 19.

Record holders in the GSC from USL include Stewart Blue, who was clocked at 48.0 in the 440-yard dash, and James Bohata who jumped 46'10³/₄" in the triple jump. Tommy Jameson set a new discus record of 167'11" and Louis Lenfant was tops in the javelin throw with a 221'6" record.

Fans watched as USL won a third place in the 38th Annual Southwestern Relays. With 20 teams participating, the University of Kansas cropped team honors with 59 points and was followed by Northeast Louisiana State with 34 and USL with 25.

USL's Tommy Jameson set a new discus record of 180'6¹/₂" and was named outstanding field man in the annual event. James Bohata set a new record of 49'2" in the triple jump.

Other outstanding track and field men for USL include Larry McCartney, James Barrilleaux, Richard Howes, Bobby Domingues, Ed Domingues, Louis Maraist, John McDonnell, Ray Sonnier, Terry Segura, Curtis James, Howard Trahan, Charles Chapman, Joe Murry, Richard Graves, and Lou Groth.

Randy Peloquin pulls a lot of weight as he demonstrates a split clean.

Rated as the team to beat in the nation, the USL weightlifters won the National Championships in 1966 for the second consecutive year. This marked the third time in the last four years that the strong men have accomplished this outstanding feat. Determination and hard work have proven successful. The USL team has lost but few meets in the last four years.

USL is especially proud of its 148 lb. lifter, Jim Reinhardt, who was named National Collegiate champion last year. Other lifters scoring points in the National Championship were Mike Williams, Weldon Major, Warren Perrin, Alvin Chustz, George Weatherford, and Pat Steward.

The experienced lifters, along with the promising beginners, always prove too much for competition, thus making the team the most victorious team in USL's sports history.

NAIA National Championship Won by USL Golfers

With a 72-hole total of 1,178, USL golfers were named the NAIA National Champions at the tournament held in Shawnee, Oklahoma. USL team members finished 27 strokes ahead of the second place team, Western Illinois University.

While other teams played with five men and counted only the four lowest scores, USL brought only four men and all scores were counted. Randy Sonnier, Tommy Thomas, and Bob Rodgers were all named to the All-American first team. Ben Freeman was named to the second team.

Golfers finished with a perfect 14-0 record and won the GSC tournament in Lake Charles. Outstanding golfers such as Bob Rodgers and Don McMath were named to the all-GSC first team.

USL Enjoys Best Sports Year in History of School

Bulldog boosters have acclaimed the 1965-66 athletic year as the most successful in the school's 65-year athletic history. From September 1965 to June of 1966, USL athletes won more national, more Gulf States Conference, more allied league, and more individual championships and honors than any previous year on record.

The team transcript for the 1965-66 season reveals two national championship teams (golf and weightlifting), four GSC titlists (basketball, track, golf, and football co-champs); plus one crown in state competition (bowling). Six of the 11 teams, comprising the varsity athletic program finished as champions, and no less than 10 sported winning season records.

In addition to placing first in football, basketball, track, and golf, USL added a second in cross country, second in tennis, and fifth in baseball. The baseballers actually finished only two games out of first place. This overall showing enabled the Ragin' Cajuns to compile 42½ of a possible 49 points to easily win the coveted GSC All-Sports trophy. Points are based on the team finish in each sport (7 points for first, 6 for second, 5 for third, etc.).

As for individual performances, ten USL athletes in five sports earned College-Division All-American distinction, while 25 gained all-conference honors. Those who earned All-American honors were Brad Hamilton (football); Louis Lenfant, James Bohata and Tommy Jameson (track); Leonard Kleinpeter (baseball); Jimmy Reinhardt (weightlifting); and Bob Rodgers, Randy Sonnier, Tommy Thomas, and Ben Freeman (golf).

Russ Faulkinberry and Bob Cole were voted GSC Coach-of-the-Year in their respective sports, and both were among the finalists for NAIA national Coach-of-the-Year. Faulkinberry was also selected as Louisiana's most outstanding coach in all sports for 1965.

USL trackmen raced to the No. 1 spot in the GSC.

Only two games out of first place, baseballers finished fifth.

Cross-country team members took second place in the Conference.

After finishing the best season in 27 years, the Ragin' Cajuns all agree that "We're No. 1."

Cheerleaders Add Life and Color to USL Sports

Leading the Bulldog fans throughout the football and basketball seasons were the spirited USL cheerleaders. Their boundless energy, vibrant voices and flashing polka-dot uniforms helped spark team and spectator enthusiasm.

Returning cheerleaders Mary K. Fenstermaker, Elrod Serrette, and Al Cain were joined by Beverly Broussard, Sherry Kerr, Daisy Anderson, Ralph Perez, Michael Kem, and Philip Davis.

Even when the going got rough, the cheerleaders helped spur their teams on to victory.

Alpha Lambda Delta, an honorary women's organization, promotes intelligent living and high standards of learning by encouraging superior attainment among freshman women. It seeks to awaken in the freshman woman a realization that each individual is solely responsible for her own achievement, which with earnest endeavor she may build each year.

Those women students registered for a course leading to a bachelor's degree with at least fifteen hours and a grade average of at least 3.5 in a 4.0 system are eligible for membership.

Upperclassmen who maintained a 3.5 average during their years at the University of Southwestern Louisiana were invited into membership when the chapter was installed.

Informal meetings lend an air of friendliness.

Founded on the principles of leadership, friendship, and service, Alpha Phi Omega offers its members an opportunity to promote true brotherhood. The USL chapter, Beta Phi, is the oldest service organization on campus and has grown dynamically in both membership and activities in the past year. It offers the college man all the activities that encompass the total realm of college life by living and working together, emphasizing service to others. Last year, the organization won the Convocation Award, presented on the basis of scholastic achievement, service to the school and community, and fraternity ideals.

Projects of Alpha Phi Omega during the fall semester included the loading of box cars for the underprivileged Indians in Mexico, assistance during registration, operation of an information center for the speech tournament, information booths for Homecoming and a donation to the Alumni band for a new banner. Fraternity members placed a Christmas tree in Cypress Lake, set up a sound system for cheerleaders at all home games, and talked to Explorer Scouts about college life at USL.

Leadership Stressed by All USL Blue Key Members

Fun and frolic, along with study and service, keep Blue Key members always active. Since its founding in April of 1932, the local chapter of Blue Key National Honor Fraternity has produced a group of ambitious and enthusiastic young men always ready to serve.

Fraternity members publish the "Blue Key Student-Faculty Telephone Directory," in addition to sponsoring the annual crawfish boil. In order to select a sweetheart, members participate in the sweetheart tea-dance. The USL-Northwestern football cup is presented each year by Blue Key.

Blue Key National Honor Fraternity was founded in 1924 by Major B. C. Riley at the University of Florida. In accordance with the organization's purpose, members are selected for leadership, scholarship and service.

Flight Fosters Good Relations Between Cadets and Angels

Girls in blue, better known as the Angel Flight, is only one of the many national organizations on campus. The purpose of the flight is to foster good relations between the cadets and the Angels.

A full squadron of girls is chosen every year by a board consisting of the Deans of Women, Air Force sponsors of the corps, representatives of the cadets, and Angel executive officers. To be considered, a girl must be at least a sophomore with a 2.0 average on a 4.0 system, and meet the standards of Angel Flight.

Angel Flight girls can be seen drilling with ROTC, marching in parades, sponsoring social functions for the AFROTC, or working at a school or community service project. A major project of Angel Flight is the annual "Bulldog Blackouts" talent show.

The flight is governed by the Squadron Officers. It is a member of Area C-2, which consists of eight squadrons in four southern states.

Bright lights, the smell of greasepaint, and the sound of applauding audiences in the theatre are alluring attractions for every member of Alpha Psi Omega, the national honorary dramatics fraternity. Each year, members are provided with excellent opportunities to develop their dramatic skills in the numerous theatrical productions presented in the campus theatre. Becoming a member of Alpha Psi Omega requires many long and hard hours of working and rehearsing. Students must have an overall average of 2.0, must have worked five productions, served as the head of a crew in at least one of those productions, and accumulated 50 points through acting and technical assignments. A specific number of points is earned for each job necessary in the presentation of a play.

In the Spring, the fraternity is responsible for providing the after-dinner entertainment at the annual speech banquet. The remainder of the year is spent in working with and publicizing major productions.

Chapter Chosen Best in Nation for Third Year

For the second consecutive year and the third time in its history, Circle K at USL was named the "outstanding club" in the United States. The local club's selection was made at the 11th annual convention of Circle K International held in Dallas, Texas. Selection as the "outstanding club" is based on community service, university service and service to one's fellowman.

Circle K is, in every sense of the word, a service organization whose members are banded together voluntarily to render service to the campus and the community. Circle K is present on over 625 campuses in the United States and Canada. It is the largest campus organization in the world, having a membership of over 13,000.

Honor Society Encourages Excellent Scholarship Attainment

New members receive special recognition at Commerce Day ceremonies.

Founded on the express purpose of encouraging excellent scholarship attainment among the different departments within the College, the Honor Society of the College of Commerce seeks the advancement of the various fields of commerce within the competitive economic society in which we live. The Society accomplishes these purposes through recognition and by election to membership of students having attained scholastic averages indicative of high rank in the College and a keen intent in developing integrity and a progressive attitude among the business leaders of tomorrow.

Activities of the society include frequent visits of guest lecturers speaking on contemporary problems in the business world, the sponsorship of an award to the graduating senior with the highest average in the College and a yearly membership installation and awards banquet.

Beta Chapter of Omicron Delta Epsilon Formed

Formed to encourage excellence in the academic study and practice of Economics, Omicron Delta Epsilon is the newest honor society on the University campus. Membership is limited to those students majoring or minoring in Economics or Finance, who have attained junior or senior standing, and who have an overall "B" average with an "A" average in Economics.

USL's chapter of Omicron Delta Epsilon, Beta of Louisiana, is partially an outgrowth of the Economics and Finance Forum that was originally organized as the Economics Forum on October 28, 1948, to promote discussions of contemporary economic problems, and ideas. Beta of Louisiana seeks to emphasize thought on economic questions and to promote an arena for the discussion of more purely economic theories, problems, and policies.

Students Encouraged to Attain and Maintain Excellence

Organized at USL in the spring of 1965, Gamma Beta Phi is an honor service organization for students in American colleges and universities. Gamma Beta Phi is a fairly new organization instituted in March 1964 by a group of college educators in Atlanta, Georgia.

Members assist and encourage college students to attain and maintain academic excellence in college courses and encourage and assist qualified high school students to continue their education in institutions of higher learning.

Gamma Beta Phi is the only service-scholastic organization for men and women from all fields of study. Members attend the state Beta Club convention in Baton Rouge, Louisiana, and set up booths manned by students who give information concerning USL and their organization. A "Beta Buddy" system is maintained by which each member has a freshman buddy who was previously a high school Beta member. "Beta Buddies" help one another when possible. Members also participate in university functions and conduct a tea for high school Betas during Literary Rally.

Society Conducts Activities in Mathematics for Students

One of the newer fraternities on campus, Pi Mu Epsilon is a mathematics honorary society which has as its purpose the promotion of scholarly activity in mathematics among USL students. The Chapter accomplishes this by electing members on an honorary basis according to proficiency in mathematics, by undertaking projects designed to promote the mathematical and scholarly development of its members, and by having lectures on mathematical topics at some of the Chapter's general meetings.

Dr. J. C. Eaves, national president, installed the Chapter and initiated the thirty charter members in a ceremony on November 7, 1966.

Kappa Delta Pi, an honor society in education, encourages high professional, intellectual, and personal standards and recognizes outstanding contributions to education. To this end, it invites to membership such persons as exhibit commendable personal qualities, worthy educational ideals, and sound scholarship. It maintains a high degree of professional fellowship among its members and quickens professional growth by honoring achievement in educational work.

Delta Iota Chapter, at USL, was installed on May 8, 1936. Kappa Delta Pi was founded at the University of Illinois on March 8, 1911. It is an international organization composed of an honorary Laureate Chapter and active, institutional and alumni chapters.

Kadelpians at USL are active at both the national and local level. Several members attend the national and regional conferences held every other year. At the local level, Kappa Delta Pi co-sponsors Education Day, offers stimulating and interesting programs at its regular monthly meetings, and awards to an outstanding student in education the Maxim Doucet-Kappa Delta Pi scholarship.

Sigma Alpha Iota Promotes Musical Profession

Founded at the University School of Music, Ann Arbor, Michigan, on June 12, 1903, Sigma Alpha Iota seeks to promote music and the musical profession through the attainment of higher standards of scholarship and performance.

Iota Omicron Chapter was established at USL on December 4, 1941, and is classified as a professional fraternity for women in the field of music.

Chapter projects include participation in various musical programs and sponsoring lectures on pertinent cultural topics. Members have also performed in the Lafayette Cancer Drive Program, the "Bulldog Blackouts" and various programs at Immaculata Seminary.

During the spring semester, members present an American Music Program and sell Community Concert tickets. This year, the local chapter served as hostess for SAI State Day, a meeting of the state chapters of Sigma Alpha Iota. Members render service to the School of Music by ushering for concerts and publicizing cultural events.

English Fraternity Handles Publication of "Exile"

Judith Welsh and James Shay review the fall edition of "Exile."

"Sincerity, Truth and Design," key words in Sigma Tau Delta's motto, express the honorary English fraternity's purpose: to express life in terms of truth and beauty and to promote knowledge of literary masterpieces and ease in written expression.

Sigma Tau Delta, an outgrowth of the English club at South Dakota Wesleyan University, was organized nationally in 1924. Membership is based on scholarship and is open to all students possessing a genuine interest in literary expression.

On the campus, publication of "Exile," campus literary magazine, is the main project of the chapter. Members also sponsor informal discussions of plays, novels and famous authors for the benefit of USL students.

Installed on the USL campus on April 10, 1951, the Honor Society of Phi Kappa Phi stands for a unity and democracy of learning. Members plead for a larger charity and deeper love toward all education in all phases.

There is no honor society whose standards are higher than those of Phi Kappa Phi. It differs from other honor societies chiefly in the fact that a student in any department of study in the institution, where a chapter exists, may be elected, if he is eligible. Membership is open to members of other honor societies and fraternities.

Those who have conferred honor upon their Alma Mater by distinguished scholarship and exemplary character as undergraduates in engineering are chosen for membership in Tau Beta Pi.

Louisiana Delta Chapter at USL was founded in 1960. Its purpose is to instill in the minds of engineering students high ideals and goals in their chosen profession. This is attained by the members of the chapter in their programs of aid to new and continuing students in the College of Engineering. It also strives to create an atmosphere of harmony and understanding between student and professor by sponsoring twice annually a smoker to which faculty and future members are invited.

Knowledge Furthered Through Sigma Alpha Eta

Students in the curriculum of speech pathology and audiology are eligible for membership in Sigma Alpha Eta. After meeting the academic and service requirements, an associate member may be elected to Key Membership. The organization seeks to further the professional knowledge of the prospective speech pathologist and audiologist.

Rho Chapter at USL is the oldest chapter in the South and the largest chapter in the state. Speakers at monthly meetings are usually selected from medical and para-medical community. The organization sponsors a Christmas party for those children enrolled in the University's speech and hearing clinic.

Junior and Senior Women Invited to Membership

Vermilion Honor Society annually sponsors a silver tea to raise funds for the Edith Garland Dupre scholarship. Among women present are Edith Dupre at the register and standing, Dr. Mary Dichmann, Sylvia Hodges, and Catherine Karl.

Vermilion Honor Society, established at USL in 1933, is an honorary organization for junior and senior women. First called the Freshman Honor Council, and later the Red and White Circle, the name Vermilion Honor Society was officially chosen in 1934.

Members sponsor an annual silver tea for the benefit of the Edith Garland Dupre Scholarship Fund. An award for the outstanding senior student is given at the Honors Convocation.

To qualify for membership, one must be a second semester junior, have a 3.2 average on a 4.0 system, active in a religious organization, and in one other organization other than a social sorority.

Home Economics Profession Supported by Coeds

Sigma Theta, local fraternity, consists of juniors and seniors enrolled in the School of Home Economics. Its purposes are to recognize and promote leadership, foster high scholarship and a spirit of friendly cooperation among women students in the School of Home Economics, to promote loyalty and service among women entering the professional and business world, and to foster a keen appreciation for Home Economics as a profession.

Each year, Sigma Theta presents an award of recognition to the sophomore in Home Economics who has maintained the highest average during her freshman year. The organization also presents a campus leadership panel each Fall to the Home Economics freshman orientation classes. The growth and development of the School of Home Economics is shared with its graduates through an annual publication, the "Sigma Theta Newsletter."

"L'Acadien" salutes the members of the State Board of Education for their efforts in behalf of higher education in Louisiana. Their work will be reflected in the future progress of this great state.

State Board of Education

Dr. and Mrs. Clyde L. Rougeou

D. S. "Shine" Young conducted half-time ceremonies which honored Dr. Rougeou on "Clyde L. Rougeou" Day in Lafayette.

The shrimp boil, sponsored by Aggie Club members, was enjoyed by Dr. and Mrs. Rougeou and Dean T. J. Arceneaux.

With Dr. Clyde L. Rougeou rounding out his first year as president of the University of Southwestern Louisiana, backed by a half year as acting president and 28 years as a member of the teaching faculty, the signs of progress are evident in all areas of the University.

Dr. Rougeou, with his administrative staff and faculty, envision an expansion of USL's academic offerings and physical plant so that the University may function most effectively and provide students with every opportunity of reaching their full potential.

The existing physical plant is being renovated, new buildings are in progress and on the planning board are more buildings yet to come.

Away from the pressures and tensions of being a university president, Dr. Rougeou and Mrs. Rougeou enjoy many family activities with their nine children and four grandchildren, their friends and their children's friends. An ardent sportsman, Dr. Rougeou spends leisure hours hunting and fishing with his three boys and with friends, while Mrs. Rougeou enjoys activities with the six girls of the family ... four of whom are still at home and two of whom are married.

Dr. Rougeou receives the first copy of the 1966 "L'Acadien" from Co-editor Harvey Bacqu .

President of the University

Dr. Clyde L. Rougeou, the University's fourth president, delivers his commencement address.

Katherine Linscomb, secretary to the president, assists Dr. Rougeou with some paper work.

Dean T. J. Arceneaux presents Dr. Rougeou with an "Outstanding Alumni" certificate during Aggie Day, which honored the USL president.

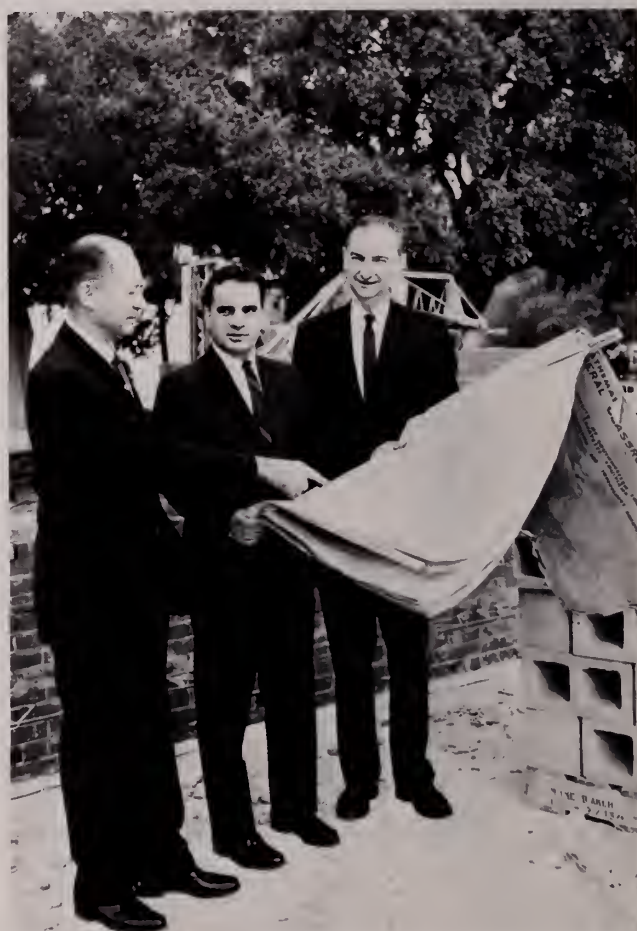

A toast to Myra Gosnell, homecoming queen, from Dan C. Boudreaux, Lafayette trustee of finance, and Dr. Rougeou.

Dr. Robert Ducharme chats with Dr. Authement.

Dr. Authement welcomed participants in the Corrosion Short Course co-sponsored by USL. Participants include, R. L. Davis, Harry P. Alexander and Paul Bercegeay, USL professor and head, department of petroleum engineering.

As the walls rise on the Maxim D. Doucet math-education building, Dr. Howard Turner, Dr. Authement, and Dr. Zeke L. Loflin check the architect's blueprints.

Dr. Ray Paul Authement

USL's young vice president, Dr. Ray Paul Authement, has shown a maturity of judgment far beyond his years in the handling of his office.

His experience as an outstanding mathematics teacher, consultant, author of several articles on the subject and as a lecturer in this country and Canada are reflected in his present work. Added to this are his activities on local, state and national committees on education. Dr. Authement is currently at work on two books on mathematics.

Lending grace and charm in their social activities on campus and in the community is Mrs. Authement. Dr. and Mrs. Authement are the parents of two girls.

Vice President of the University

Dr. and Mrs. Ray P. Authement

Dean of Women

Under the watchful eye of Dean Agnes Roth and Associate Dean Mary Olive McPhaul, women students at USL are never far from a helping hand or good, friendly advice. The welfare of women students is the major concern of the Dean of Women's office.

In addition to this, they supervise women-sponsored social activities and serve as advisers to various women's organizations.

Dean Roth, who is an undergraduate alumni of Mississippi State College for Women, received her M.A. degree from the University of Alabama. Miss Roth is a native of Ste. Genevieve, Missouri.

Dean McPhaul, a native of Birmingham, Alabama, received her A.B. degree from Samford University in Birmingham and her M.A. degree from the University of Alabama.

Dean of Women since 1959, Miss Agnes Roth has served efficiently and effectively.

Pausing to speak to a co-ed is Miss Mary Olive McPhaul, Associate Dean of Women and A.W.S. adviser.

Miss Ruby Landry is always ready to help students schedule social events.

Dean of Men

Remarkable interest and warmth in all dealings with male students is displayed by the personnel in the Dean of Men's office.

Dean Abel, a native of Carroll County, Mississippi, received his B.S. degree from the University of Southwestern Louisiana. He received his M.A. degree from Stanford University.

Dean Guillory received his B.S. degree from the University of Southwestern Louisiana also. He received his M.Ed. from Stephen F. Austin State College. Dean Guillory is a native of Plaquemine, Louisiana.

James B. Guillory, associate dean of men, discusses a letter with Geri Dupuis, secretary.

Dean Glynn Abel talks with students in the reception room of his office.

Mrs. Margaret DeBlanc, secretary to Dean Abel, and Carroll Guidry, student aid, discuss office procedures.

College of Liberal Arts

A well-rounded, cultural education based on the arts and sciences is one of the main functions of the College of Liberal Arts. It also enables those students who pursue its curricula to think and express themselves clearly and accurately and to develop an intellectual initiative and affluence of thought basic to the formation of sound judgment. It also serves as a guidance in the development of an effective philosophy of life, a well-balanced personality and a strong character.

Included in the College of Liberal Arts are the School of Music and School of Art and Architecture. Pre-professional programs offered by the college consist of: Pre-Dental, Pre-Optometry, Pre-Law, Pre-Medicine, Pre-Medical, Pre-Medical Technology, Pre-Pharmacy, Pre-Professional Social Welfare and Medical Records Librarian.

The general courses required in the curricula of the other graduate colleges are provided by the College of Liberal Arts. It embraces the following departments in which a student may pursue his studies: Basic Curricula; Aerospace Studies; Interior Design; Botany; Chemistry; Economics; English; English-Journalism; Foreign Languages; Geography; History; Mathematics; Microbiology; Physics; Political Science; Psychology; Social Welfare; Sociology; Speech; and Zoology.

Enhancing a student's potential and enriching his innate abilities, the benefits derived from the College of Liberal Arts are many.

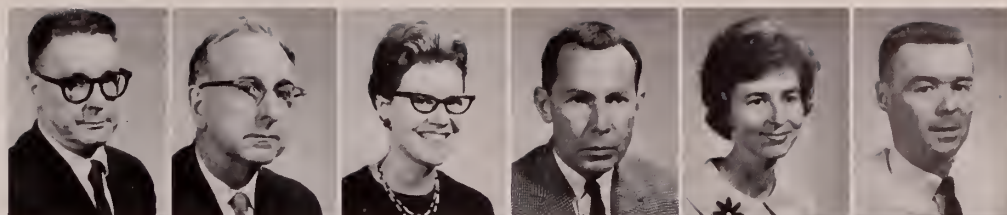

Shown emerging from Stephens Library is Acting Dean Lewis T. Graham.

The School of Music offers students a chance to belong to the Southwestern Band, work with the Opera Guild and work on undergraduate degrees which lead directly to the Master of Arts in Music or the Master of Music.

Fifth-year architecture students, in the School of Art and Architecture, planned and constructed scale models for projects in Louisiana cities. Architecture students are Mike Keene, *left*, and Ralph Stivison.

Nolan Albert, *second from left*, and Miss Nancy Bernard, recipients of the USL Bookstore Scholarship, receive congratulations from USL President, Dr. Clyde Rougeau, *left*, and Henry Barker, bookstore manager.

College of Education

Appreciating the significance of its teacher education program, the University of Southwestern Louisiana, in the fulfillment of the obligation which the University has for the advancement of knowledge and transmission of our cultural heritage, dedicates its applicable resources to achievement of these objectives: 1. preparation, at the undergraduate level, of carefully selected teachers who will be liberally educated, thoroughly competent in their subject areas, cognizant of their professional and social responsibilities, well informed as to the demands of guidance which will be made upon them and responsive to the moral and aesthetic necessities inherent in their position in society; 2. recognition and encouragement, throughout the program, of productive scholarship and education field services, as essential elements in the ideal of a modern university.

The College of Education offers curricula in kindergarten education, upper and lower elementary education and secondary education.

Students pursuing a secondary school curriculum may major in the following fields: Art, Industrial Arts, Music, Social Studies, Speech and Hearing Therapy, Home Economics Education, Business Education, Foreign Languages, Mathematics, Science, Speech, Health and Physical Education, Vocational Agriculture Education and Vocational Agriculture Farm Mechanics.

Dean Howard Turner inspects the sight of the new Math Education Building scheduled for completion in January, 1968.

College of Agriculture

Dedicated to preparing its students for efficient and capable living, service to their fellowmen and worthwhile citizenship are but a few of the aspects of education towards which the College of Agriculture strives. By contributing to the students' personal, social and intellectual development and maturity, it prepares them for family living, homemaking and farming—in addition to training them for their professions or occupations in the fields of agriculture and home economics and assists the students in meeting needs in various fields throughout the state, nation and foreign countries.

There are five departments in the College of Agriculture—Agricultural Engineering; Animal Husbandry, including pre-Veterinary; General Agriculture; Plant Industry; and Vocational Agriculture—and a School of Home Economics.

The five undergraduate curricula in the School of Home Economics Education are General Home Economics, Home Economics in Business, Institution Administration and Restaurant Administration. The curricula prepare the student to obtain gainful employment as high school economics teachers, home demonstration agents with cooperative Extension, dietitians home service consultant with utility companies, health and welfare consultants, fashion coordinators and interior consultants in retail stores and managers of restaurants, cafeterias and large food establishments.

The three graduate programs prepare home economists for positions as supervisors of student teachers, parish and state supervisors, teacher trainers and leadership positions with organizations employing home economists.

Depending on a student's capacity to pursue his chosen field in agriculture, his curriculum facilitates his ambitions and goals in life.

Touring the conservatory on the Horticulture Farm is Dr. Thomas J. Arceneaux, Dean of the College of Agriculture.

Aggie Club members and their dates enjoy the hayride held during the fall semester.

The USL Stockmen's Association, Inc., a student group, presented a cattle trailer for use by the Department of Animal Industry. Funds for the trailer were raised through the annual Horse Show at Blackham Coliseum. At the presentation are Dr. E. K. James, Calvin Taylor, Dr. Clyde L. Rougeou, and Benjie Rougeou.

College of Engineering

Rewarding careers in design, construction, and research in industry, private consulting and public practice are the results of preparation through the College of Engineering. Each of these careers is satisfying in that the curricula is geared towards making mankind's life on this planet easier and more enjoyable.

The College is well-housed in a building designed of steel and glass, which displays its contemporary importance. Each of the six engineering disciplines has well equipped laboratories, lecture rooms and design rooms for instruction purposes.

The College of Engineering offers the following professional curricula: Chemical Engineering, Civil Engineering, Electrical Engineering, Mechanical Engineering, Petroleum Engineering, and Geology.

Progress in the future will be extended through the endeavors and efforts of these students, no matter what phase of engineering in which they may specialize.

Dean Wayne P. Wallace enjoys a leisure moment in Madison Hall, which houses the College of Engineering.

Engineering Freshmen

Bobby Bryant, *right*, freshman in petroleum engineering, from Pinoia, Mississippi, receives the Pan American Petroleum Foundation scholarship from R. L. Huggins, New Orleans.

College of Nursing

A basic curriculum in general courses and in biophysical and behavioral sciences for professional nursing are offered to all students in the College of Nursing. In addition to essential course requirements, attainment of comprehensive testing and demonstrated physical, emotional and ethical competence are required.

Four major fields of study included in the basic curriculum are: Medical-Surgical Nursing, Maternal-Child Health Nursing, Psychiatric Nursing, and Public Health Nursing.

Graduates are prepared for professional nursing practice in such areas as: all types of hospitals, the armed services, private practice, public health, visiting nurse associations and state and federal government agencies, as well as for graduate studies.

Clinical laboratory practice is obtained at Lafayette Charity Hospital, Lafayette General Hospital, Lafayette Parish Health Unit and Southeast Louisiana State Hospital at Mandeville, Louisiana.

Dean of the College of Nursing, Miss Helen A. Meyer, stands at the site of the Medical Science Building, now under construction on St. Mary Boulevard.

On-the-job training provides students with excellent opportunities.

Home visits are one aspect of public health nursing that is learned by all nurses.

College of Commerce

Since its establishment, the University has endeavored to prepare students for leadership in the business world. The College of Commerce has enrolled a sizable proportion of these students and has constituted a major portion of the University.

The major fields of study offered by the College of Commerce are in the following curricula: Accounting, Business Communication, Economics, Finance, General Business, Management, Marketing, Secretarial Science.

Commerce offers a field of unlimited opportunities—students in the College of Commerce take full advantage of these possibilities to advance their position in the business world of today.

Dean Herbert A. Hamilton pauses near F. G. Mouton Hall, which houses the College of Commerce.

Miss Aline Arceneaux, *second from left*, was named "Secretary of the Year" by the USL chapter of the National Collegiate Association for Secretaries. Miss Anne Lindley, president, made the presentation. Runners-up are Mrs. Margaret Colomb, *third from left*, and Mrs. Vienna Champagne.

Graduate School

Subject to the approval of the President of the University, policies of the Graduate School are established by the Graduate Council and within the framework authorized by the State Board of Education. These policies are administered by the Dean of the Graduate School.

Graduate degrees offered include the Master of Arts with majors in English, Spanish, French, History, Geography, Education, and Home Economics; Master of Science with majors in Microbiology, Biology, Chemistry, Mathematics, Physics, Chemical Engineering, Civil Engineering, Electrical Engineering, Geology, Mechanical Engineering, Petroleum Engineering, General Science and Mathematics with a Computer Science option.

Dr. William Flannery, chairman of the Graduate Council, presides.

Dean James R. Oliver leaves Martin Hall after another day of work.

Graduate Council: Dr. P. A. Chieri, Dr. P. S. Delaup, Dr. J. R. Oliver, Dr. William Flannery, Dr. Wayne P. Wallace, Dr. Louis Coussan, Professor Kenneth Toombs, Dr. Z. L. Loflin, Dr. Amos Simpson, and Dr. Lewis T. Graham.

University Libraries

In addition to the main Dupré Library, the University Library system consists of the Stephens Library for undergraduate students with its collection of some 10,000 volumes; the Engineering Library in Madison Hall, which has a collection of nearly 20,000 volumes; and the Horticulture Library in the Ira S. Nelson Horticulture Center, consisting of about 5,000 volumes.

A unique collection of books, most of which were donated by the French government and related to France and the French culture, is found in the French House.

There are now more than a quarter of a million books in USL's library collections. The Library also subscribes to some 2,000 current periodicals, and there are large holdings of microfilm, microfiche, music scores, recordings and government documents. A special feature of the Dupré Library is the Louisiana Collection which specializes in Acadiana.

Construction is now underway on two additional floors to the Dupré Library. When completed, the Dupré Library will consist of 136,000 square feet of floor space and will provide for almost 2,000 readers and more than 600,000 volumes.

KENNETH E. TOOMBS
Director of Libraries

CHECKMATE

"L'Acadien" wins the game by portraying the faces, moods, efforts, actions, and activities of students and the administration in such a way that no matter what they did, they could not escape capture.

In a constant search for new and better techniques, we have tried to impart to the reader every facet of college life. And so we believe that anyone who reads this yearbook will be reminded of another year of many moves at USL.
